BUILDING MANAGER CERTIFICATE

Program Coordinator: Jennifer Gossen,
buildingprogram@vcc.ca,
604.871.7000 ext. 8670

Program Assistant: Margaret McIlwaine,
buildingprogram@vcc.ca,
604.871.7000 ext. 8711

Building management is a growing industry throughout British Columbia and there is an increasing need for well-trained managers for residential, commercial, and industrial complexes. VCC's Building Manager Certificate is designed to provide a strong foundation for students who wish to begin a career in this competitive field, or to improve the skills of current caretakers/managers.

This program provides training in key areas of building management and leadership including landlord-tenant law, basic building maintenance, fire safety and security, relevant office forms, and record keeping. Additional topics explored include goal setting, problem solving techniques, staff supervision, and tenant/owner relations. Program graduates will be prepared to work as on-site apartment building managers or to function as building service supervisors in hospitals, schools, and commercial buildings.

PROGRAM SPECIFIC ADMISSION REQUIREMENTS

The Law and Tenant Relations and Building Service Management courses require a minimum English proficiency of Grade 10 level (English 059). These courses cover legal and supervisory topics that require students to use strong expression and comprehension skills to complete assignments and other written work.

REQUIRED COURSES

Law and Tenant Relations (REAL 1101)
Building Maintenance and Cost Control (REAL 1102)
Building Cleaning (REAL 1103)
Building Service Management (REAL 1110)

BUILDING SERVICE WORKER

Program Coordinator: Jennifer Gossen,

604.871.7000 ext. 8670

Program Assistant: Margaret McIlwaine,
buildingprogram@vcc.ca,
604.871.7000 ext. 8711

This comprehensive full-time program provides students with skills, experience and hands-on practice in the building service worker industry. Train with experienced professionals both in the classroom and on the job during your practicum experience. Study all elements of building service including commercial cleaning, team cleaning and equipment training. In addition, learn valuable job skills such as self-employment and resume development. Participants will also gain certification in WHMIS and FoodSafe.

PROGRAM SPECIFIC ADMISSION REQUIREMENTS

Sufficient English skills for effective communication

General good health, including physical ability to stoop, lift, stretch and stand as might be required in the performance of work duties

No allergies or conditions that would be aggravated by the handling of food, cleaning or laundry products

604.871.7000 ext. 8670

Program Assistant: Margaret McIlwaine,
buildingprogram@vcc.ca,
604.871.7000 ext. 8711

More than 2.2 million people in British Columbia live in a strata corporation building, yet few understand how the Strata Property Act (SPA) controls living, working and investing in a strata complex. Governments, cities, property managers, strata councils and owners can benefit from learning about the SPA and identifying best practices related to the law, repair and maintenance, insurance, governance and a variety of other issues that strata faces. Using curriculum designed to clearly explain the SPA, participants will

be able to follow the legal duties prescribed to strata owners, councils and property managers.

PROGRAM SPECIFIC ADMISSION REQUIREMENTS

The Vancouver Community College Paralegal Diploma explores the theory and procedural aspects of legal matters that licensed paralegals are allowed to handle, such as presenting cases before specific courts and administrative tribunals.

Combining fundamental legal study with instruction and hands-on practice, this program develops intellectual and professional skills in the law. Students build the foundation of knowledge and skills needed to begin a career working within legal systems and institutions.

Students attain an understanding of fundamental principles of law and receive theoretical and practical training in areas such as litigation, real estate, conveyancing, corporate law, and family law and estates.

Classes are taught by lawyers and paralegals who hold academic and professional qualifications.

Students must have a practicum secured prior to registering for Paralegal Practicum LEGL 1208. Practicum may be completed at student's current place of employment and all practicums must be supervised by a practicing BC lawyer. Students who register for Paralegal Practicum LEGL 1208 without having secured a practicum will be asked to withdraw from the course, without refund.

Program Assistant: Lou Solina,
gemmology@vcc.ca, 604.871.7000 ext. 8428

From May to August this summer, learn to be a professional gemmologist at Vancouver Community College downtown campus. The College offers an accelerated full-time day program in the summer for students wishing to acquire the background needed to write the exam required to receive a Canadian Gemmological Association Diploma. The program teaches full theory and practical curriculum. The course, GEMM 1110, has lecture and lab time in the classroom that includes hands-on work with gemstones and instruments.

The fee includes all course notes, CGA student membership and tuition fees.

Examination fees are extra and are paid to the Canadian Gemmological Association. This program has the same course content as the part-time program. Application fee: \$50.00

Please note that the study of gemmology requires the use of refractive index fluid which contains a small amount of methylene iodide. You will be requested to wear protective gloves.

Prospective students need to apply for acceptance into this program. Please see the website for more details.

Program Assistant: Lou Solina,
gemmology@vcc.ca, 604.871.7000 ext. 8428

This professional program covers the scientific, aesthetic and historic aspects of gemmology. Students become skilled with a wide range of gemmological equipment and learn to test and identify a variety of gemstones. Differentiate between natural and synthetic gemstones and recognize various treatments and enhancements. Study diamond grading, coloured stone grading and appraisal formats. The Canadian Gemmological Association certifies gemmologists after an extensive program of study leading to a final exam. This intensive, part-time, two-year program is enhanced with regular classroom attendance, considerable home study, weekly homework, and regular quizzes. Upon successful completion of a final exam, you will be certified as an internationally recognized gemmologist.

The Canadian Gemmological Association and VCC have partnered with Gem-A to become an Accredited & Allied teaching centre for Gem-A. Canada will now join Australia and Great Britain in the parallel course and notes offerings. Graduates of the Canadian Gemmological Association Program will be given special exemption status if they choose to challenge The Gemmological Association of Great Britain Gem-A examinations, in order to achieve their Fellow or "FGA" Professional designation.

This part-time program begins each September. Application fee: \$50.00. To complete the program in four months, please see the Gemmology Accelerated Program

Please note that the study of gemmology requires the use of refractive index fluid which contains a small amount of methylene iodide. You will be requested to wear protective gloves.

Program Assistant: Dorothy Giroux,
technology@vcc.ca, 604.871.7000 ext. 8383

The Networking Technology Certificate is intended for individuals who wish to develop their skills in information technology. It is designed for those who are entering this area, or for those already employed in the field who wish to upgrade their skills.

Planned by experienced educators and a professional advisory committee, this program is taught by information technology professionals who emphasize the development of practical skills and their

application in the field. Courses are aligned with several industry exams, giving students the opportunity to acquire relevant, industry-recognized certifications in addition to their VCC credential.

Graduates of this program will acquire knowledge to work or continue to work in entry-level information technology positions in a variety of settings. Students learn through a combination of lectures and labs to gain hands-on experience. Students also complete a course in project management and develop a major working system through self-directed study.

Prospective students need to apply for acceptance into this program. Please see the website for more details.
