WHOOPS!...HOW COULD WE FORGET WAYNE?

BILL WEST of the Drafting Department phoned to ask us why we hadn't noted WAYNE MARSHALL'S appointment as the new Department Head of Drafting....and we had to confess we totally forgot!

Congratulations Wayne and sorry about the late notice!

WHERE ARE THEY ANYWAY?

STEPHANIE FORSYTH will be on vacation from July 02 to July 27, in her absence please refer

all instructional matters to Dr. M.E. Lamoureux

Also RUTH SIGURDSON advises that she will be on holiday from June 18 until July 18.

BUT I THOUGHT THEY WERE HERE!

C.E. Nursing is moving its offices from City Centre to KEC's Broadway and Fraser Street space (691 East Broadway). They expect to be moved by June 15, 1990. We'll publish more details when we get them.

RECYCLING UPDATE

SUZANNE PATERSON tells us that she has been very impressed with the response to City Centre's Recycling Campaign. Unfortunately, the College continues to have difficulties with the various recycling companies that have been utilized. The College is looking into the possibility of hiring (yet another) recycling company. Stay tuned - we'll get this working yet, the idea is too good to let it die.

WANTED: RED-BLOODED CANADIANS!

The Red Cross Society will be holding a blood donor clinic on Friday, June 15 from 10:30 a.m to 4:00 p.m. in the main mall.

Please donate, the Red Cross needs 5,000 blood donors daily to meet the demands of Canadian hospitals. Unfortunately, during the summer people take vacations and finding enough donors is difficult for the Red Cross - Remember the need for blood never takes a vacation!

CAREER FAIR

The Alumni Association is looking into the possibility of holding a Career Fair for current students and alumni. The fair would involve a day of exhibits by potential employers of City Centre graduates. Students and alumni could explore employment opportunities and conditions with a variety of organizations, and exhibitors would get first access in recruiting top graduates. IAN FORSYTH of Counselling is the City Centre contact person. Ian will be contacting Department Heads to obtain their assistance and cooperation.

Blessed are they that go around in circles for they shall be known as big wheels.

DO WE OFFER CREATIVE WRITING COURSES IN DENTAL?

LIZZ LINDSAY of the Dental Department, sent in the following which was written by Jason Sutherland (nine years old) the son of SHERRY SUTHERLAND, one of the Division I Dental Assisting students:

MY DAY AT V.V.I

On Friday I spent a day in Mom's school than at my school. First of all, the teachers are called instructors and they are called by their first name. My mom's recess is called a coffee break and lasts 30 min, and there is no buzzer to tell you when coffee and lunch break start & end. Mom's classes are called lectures, and each lecture lasts an hour and a half. There is a large room that has lots of dental chairs, and that is called the clinic. Mom & her classmates practice in there. I sat in a chair with a heavy apron over me while my mom took X-rays of my teeth. My dentist could not do them because I'm a gagger, so he asked my mom to do them. When I started to gag she did the "temporal tap" on me, and worked! It was neat to see my teeth on film. Then we went into a clinic and a dentist looked at my teeth. He said I had good teeth. My mom says the reason I have good teeth is because I know how to brush & floss my teeth right. And she gave me floride drops over the years. I then had my teeth cleaned and then had some floride put in plastic trays put in my mouth for a few minutes. It tasted horrible and I couldn't leat for 1/2 an hour. In the afternoon, I went to a lecture with mom. She had to write an exam and I volunteered to do it too. I got 4 ✓ and Mom said she was pleased because it was a hard exam for a kid. I am glad I was able to come to Mom's school and I learned alot.
