EASY VOICEMAIL ACCESS!

Mitel has recently implemented a new access code for Voicemail. At your own telephone set you may access your voicemail box by simply entering 8*. The telephone system sends the voicemail system your extension number as the mailbox to access, you will then be prompted for your passcode. This feature only works from your own telephone set; therefore, if you are accessing your voicemail box from elsewhere at the two colleges, you must continue to use the original code 80*XXXX, where X is your personal mailbox number. Take care that you do not use 8* from another person's phone as you run the risk of locking up their mailbox by entering invalid passcodes.

As well, I recently requested that the Voicemail box passcode

be lengthened to six (6) digits. If you have not done so already, please do.

To change your passcode, at anytime:

Dial into your mailbox: 8* (if calling from your own phone) or 80*XXXX (XXXX is your mailbox number); press U (8 key for User Options); press P (7 key for Passcode); key in new six digit passcode. Wait, voicemail will announce back to you your new code. Press X (9 key to exit User Options); press X (9 key to exit your mailbox).

If you have any questions or concerns regarding Voicemail or other telephone related matters, please contact me at local 8368 or 443-8368.

HELPING HANDS

VCC/City Centre is a great place to work! So many good Samaritans offered assistance recently during a rather difficult situation at Health Services. A big thank you to the following people: Kareen Mock, a Culinary Arts student quickly assessed my predicament and alerted Joseph Edmonds and Alfredo Camales in Security. In the immediate area and offering aid were Kelly Sinclair who works with Retail Meat students, Jorge Aragon from the Building Maintenance Department, John Vautour from the Building Service Worker program, and Bob Malone from Hairdressing, as well as some unnamed cooking students.

CITY CENTRE

It is very reassuring to know you work in a place where people come "out of the woodwork" to give a helping hand. Many thanks!

If you are coming to the campus occasionally, then please park in the student lot, but remember, the one dollar charge still applies! For further information, call Diane Greffe in the Facilities Department at 7131.
