TO ALL DEPARTMENTS . . .

It would be greatly appreciated if all departments would take care to return all surplus Interdepartmental Correspondence envelopes (the brown ones!) to the Mailroom. The supply there is always running low and forwarding extra ones would greatly assist in mail circulation!

### VVI CHRISTMAS BASH!

Reserve early for the party of the season!

There is a Christmas Party on Friday, December 16th, and invitations are extended to everyone at V.V.I. -- faculty, staff, and even administrators!! All tickets must be purchased in advance - before December 9th - from either Charise Bryan or Delphia Johnstone (you'll find them in Registration Services) and tally at \$10.00 each!

Festivities include a sumptuous buffet dinner consisting of fifteen tantalizing dishes; a no-host bar that is stocked with all sorts of Christmas spirits; and a dance (featuring the platter-spinning talents of Dave Crowe) that will cap off the evening.

This will be our first Christmas celebration in the new facilities and it promises to be a fun one!! See you there! Contact Charise Bryan, Ron Atkinson, or Delphia Johnstone if you have any questions!?!

### PROGRAM UPDATES

#### SHOE REPAIR

Administrators from Sault College of Sault St. Marie toured the VVI Shoe Repair Department in anticipation of starting an identical program funded by the Canada Employment and Immigration Commission.

#### BUILDING CONSTRUCTION AND ELECTRICAL

Congratulations are extended to these departments for their program planning and instructional efforts in interpreting the Ministry of Education's TRAC training request. They were so successful that Capilano College specifically requested the Program/Course Content Guides for these programs as working papers for their own programs.

#### PRINTING PRODUCTION/PROGRAM DEVELOPMENT

The Printing Production and Program Development Departments generated such praise and recognition for reorganization of four Ministry of Education Graphic Arts Apprenticeship Certificates, that VVI has been awarded a further contract to develop all the courses in the sixteen Certificate Programs.

#### FOOD TRADES

The VVI Food Trades Department, in cooperation with the HEIAC (Hospitality Industry Education Advisory Committee) and the Ministry of Labour, will be mounting courses for cooking apprentices for the first time in its history.

#### WELDING

The Welding Department as recently undergone a major program transition, and now offers Basic, Intermediate, and Advanced Welding training in specific core programs. Presently this department is the only one in the province conducting a full Advanced (A Level) program.

COLLEGE BOARD MEETING

The following items were discussed at the Board Meeting of  
November 23, 1983:

- the President reported to the Board on many items,  
including the Grey Cup Kick Off luncheon. The Board  
expressed its appreciation for VVI's involvement with  
this luncheon.
- Mr. Pearkes reported on the V.C.C. Education Foundation  
and listed the directors appointed to date.
- The Board approved the Policy on "Instructor  
Development". A copy is printed on Page 6.
- The Board also approved the Policy on "Employment of  
Relatives".
- The Langara Educational Excellence Scholarship Fund was  
approved. This fund was established through the efforts  
of the Langara Faculty Association.

## POLICY ON INSTRUCTOR DEVELOPMENT

1. As professionals, all instructors are expected to maintain and to enhance competence in their field of instruction, in order to ensure that skills and knowledge are current.
2. Normally the maintenance and enhancement of competence is pursued on a continuous basis, through course development, reading, participation in professional or trade workshops, pursuit of further studies, visits to organizations that employ VCC graduates and similar activities. While the initiative for self development rests with the instructor, the College will be as supportive as possible.
3. When considering proposals for the utilization of non-teaching duty time, the College may require individual instructors to undertake development activities whose objective is the maintenance and enhancement of competence in one's field of instruction.
4. In accordance with 3, all instructors are expected to take into account current and anticipated changes affecting the practice of their discipline in the formulation of self development plans.
5. Occasionally, and in particular when dealing with extremely fast changes or quantum jumps in technology, the College may provide assistance beyond the normal professional development leave in order to assist individual instructors in fulfilling their responsibility for self development.

## PROCEDURES

To be developed by campus.
