4) TEXTBOOKS

Textbooks which are kept at K.E.S. are obtainable from the Receiver during the hours of 8:00 a.m. to 4:00 p.m. After that time, or should he be out of the office, a note on his desk will suffice to see that the book is delivered to the appropriate Department. All such requests should go through your Department Head.

5) XEROX 4000

This machine was rented for use by the faculty and staff. It is designed for short runs of one to six copies with a monthly peak load of around 15,000 copies. We are exceeding this by several thousand copies.

Please co-operate by planning your work to use the offset press. Our finances cannot stand the excessive use of this machine.

6) WORK ORDERS

Typing/Duplicating requests

It has been noticed that a large number of the faculty are omitting a deadline date. Also, we require three working days for filling work orders. We do our best with emergency requests, but it appears we are having to do too many emergencies. One or two typing or duplicating emergencies can be dealt with, three, four or more and we all go beserk. This is when mistakes occur which are irritating to you and costly to us. Please allow us sufficient time to complete a job in an efficient and orderly fashion. Thank you for your co-operation.

7) FOR YOUR INTEREST

Robert Creech, Chairman of the Music Department of Vancouver Community College, was recently elected to the Board of Directors of the Canadian Music Council. He will be attending World Music Week, events in Toronto, Ottawa, Montreal, and Quebec City, beginning on September 28. World Music Week is being organized by the Canadian Music Council, and will bring together many of the world's leading musicians and music educators for a week of performance, meetings and panel discussions.

One of the feature presentations from Canada will be the world premiere of a National Film Board film production on musical life in Canada. A large segment of the film was taken at the Courtney Youth Music Camp, where Mr. Creech is Music Director, and V.C.C. this year sponsored many courses for students of college age.

In Montreal, Mr. Creech will be chairing a panel discussion on Music and Tomorrow's Public, and will be presenting a paper on The Influence of Traditional Life on Tomorrow's Public.

9) NOTES OF INTEREST

Hi from Kamloops! Finally I am able to pause. Much as I am glad to be here, I miss you all. I am sorry that I was not able to make a proper departure; there are many persons I would like to have spoken with before I left. Anyone who wishes to write, please do so at either Cariboo College or #330 - 750 McBeth, Kamloops.

Mary Robinson

The following was written on a card recently received from Jim Funk:

"My vacation has been delightful so far. The temples in Thailand were fascinating, and the girls were !!! Chiang Mai was the high point, with elephants at work, temples and Meo tribes. Calcutta was, as you might expect, a city of contrasts. The best part so far was Nepal. The temples and medieval cities were so interesting. I am tempted to return someday and trek to Mount Everest. At the moment I am in Benares, and have done the Ganges trip. Next is Delhi, Kashmir, Goa and Ceylon. No diseases so far.

R.F.C.

P. Wakefield will be on vacation September 22 - October 20. R. Cunningham will assume her responsibilities during her absence.

10) GOOD NEWS

As a result of a joint request by last year's Students' Council and the Student Fund Committee, a cheque for \$1300.00 has been received from the Vancouver Foundation. This money is to be used for bursaries for students who need financial assistance. Yes, somebody out there likes us.
