

# KING EDWARD TIMES

Vol. II - No. 18  
January 5, 1976

## 1) PRINCIPAL'S GREETING

1976 is likely to be a very momentous year for King Edward Campus. Probably our most important concern will be the move to a new site. The new campus will evolve, in part, as a consequence of the constructive suggestions you have already given us. We thank you for your concern in this matter.

The other administrators join me in wishing you a very successful and rewarding New Year. We look forward to your continuing co-operation and assistance in helping King Edward Campus develop its unique role.

L.B.M.

## 2) BASIC EDUCATION

Betty Cameron has been appointed Department Head of the Basic Education Department. We wish Betty well in providing leadership to a rapidly developing department.

L.B.M.

## 3) COMMUNICATIONS ARTS DIVISION

During the holiday period the selection recommendation committee met. As a consequence of its deliberation, Rosemary Meyer has been appointed Division Chairman with effect from January 1, 1976. Rosemary is to be congratulated and wished well in her leadership and deliberations during the difficult times ahead of us.

When the present divisional structure was brought into being on January 1, 1975, it was with the clear understanding that the organization would be examined to see if it is the

best possible, and recommended changes would be made.

It has therefore been considered best that the Department Head for the English Language Training Division not be appointed until a re-organization, if needed, be made.

Until this re-organization be approved by the College Council, Rosemary will continue in her position as Department Head as well as taking on her new role.

In order to proceed with the minimum of delay, there will be a meeting of all English Language instructors in Room 101 on Friday, January 9 at 1:00 p.m.

L.B.M.

4) STUDENT ON-STREET PARKING

There have been several complaints from area residents concerning students who have parked on streets adjacent to the campus in such a manner that other cars are blocked in. While I realize that we can't police student on-street parking, it would be appreciated if faculty would make some brief comments to students re: parking etiquette, and request their co-operation. The next car blocked in might well be one belonging to a fellow student! Please help with neighborhood P.R. and in minimizing parking frustrations.

J.D.B.

5) BRUCE EDWARD CARTER

Faculty and students join us in mourning the death of the above student. Bruce, a College Foundations Student, along with his German shepherd dog, died in a fire on the morning of Saturday, December 20.

R.F.C.

6) POSITION VACANCY

There is a position opening for Assistant Director, Centre for Continuing Education, U.B.C. Please see the faculty bulletin board for details.

7) LIMERICK OF THE WEEK

Mr. Monasch's right hand is Sharon  
In extremis that girl keeps her hair on.  
    She's calm and polite,  
    And is never up-tight;  
I assure you that Sharon's a rare 'un!
