2) APATHY PARTY

A new party has come into bleary focus on campus. Some of us have languidly expressed interest (not very much) in the Apathy Party. What about you? Would you care to be counted as a member?

Don't care too much or you're disqualified.....

We do not meet, have no executive, take no minutes (hours or days), and do as little as possible.

If you (yawn) are willing to be one of us, let the News know. Don't bother telling us.

John Lambert, Greta Nelson
Allan Andrews, Kathleen Pavey

3) COUNSELLORS' VISITS TO E.L.T. ADVANCE

Throughout the week April 20th - 23rd students and staff of E.L.T. Advanced were pleased to welcome into their classrooms Greta Nelson, Eileen Herridge and Frank Fornelli of the Counselling Dept. A rewarding time was had by all concerned and our hope, now, is that the students will feel less tongue-tied when they visit the counsellors on an individual basis. Our thanks once again to everyone.

4) INSTRUCTORS' DIPLOMA PROGRAM

A long awaited decision on the eligibility of our instructors to enrol in the I.D. program has been received by phone from the Department of Education.

All K.E.C. faculty who are regular, or are on contract may, enrol in this program. Their diplomas will be endorsed with their specialty and also endorsed "For Post Secondary Institutions Only" It also appears that credit will be given for Education 478 (Teaching English as a Second Language) or its equivalent.

Application forms should be available, the mails permitting, from the Dean of Instruction, on Monday May 3rd.

It is hoped that course I.D. 101 will be given soon at V.V.I. You will be kept posted.

7) USE OF AUDIOVISUAL EQUIPMENT

During the year April 1, 1975 - March 31, 1976, 16 mm projectors were booked out 1191 times at K.E.C. and, in total we had 16,575 items of audiovisual equipment distributed. Langara's figures for the comparable time period were 1,160, and 3,982 respectively.

It is very reassuring to see faculty putting such good use to the equipment that we have available.

8) ODE TO THE VOICE OF JOYCE

There's a lady we're going to miss terribly
Life will be simply unbearably
I'll really miss her stories you know
I wish she didn't have to go

Maybe she'll miss her boat
Oh, She'd just make a raft and float
If she weren't so nice with so little vice
It would be easier to say our byes
