1) THE TIME IS HERE FOR METRIC CONVERSION

Effective immediately, our Campus will use Metric for dates on all correspondence and the 24-hour clock.

2) SUMMER SCHEDULE FOR LEARNING CENTRE

In order to trim operating costs for the summer months, and to conserve funds for Fall '76 and Spring '77 semesters, (when student demand for Learning Centre services is greatest), the Centre will not be offering tutoring service or academic assistance of a personal nature on Fridays. However, the Centre will be staffed and operating from 0900 hours to 2000 hours Monday through Thursday and as late as 2200 hours on Mondays and Wednesdays. Additionally, the facilities of the Centre will also be available to students on Fridays for private study and self-programmed instruction. Schedules for both the Math/Science and Humanities Workshops are being circulated. Please post your copy wherever you feel it will reach most students.
