1) NOTICE FROM REGIONAL OFFICE

DATE: October 8, 1976

TO: Centre Principals

FROM: D. D. Jones, Director of Personnel
and Labour Relations

SUBJECT: FACULTY SETTLEMENTS

I have today received official, written advice from the Anti-Inflation Board that our submissions in support of the recent faculty settlements with The Faculty Association of Vancouver Community College (Langara), the Vancouver School of Art Faculty Association and the Vocational Instructors' Association of B.C. have been accepted and approved by the Board.

This was good news indeed and it would be appreciated if you would reproduce this information, over my signature, in your next internal newsletter.

2) GENERAL SUPPLIES

Please fill out a supply order (on back counter) and place in the Receiver's box. Allow a day or two for delivery. Small items will be placed in your letter box. Large orders will be delivered to your classroom. Orders placed in advance will facilitate faster service and cause fewer interruptions to the office staff.

3) ABSENCE REPORTS

Department Heads are reminded to report ALL absences on the weekly (blue) absence report forms. Professional Development time, Holidays and other leaves are to be reported as well as sick leave.

Since these absences must be reported to Regional Office twice monthly, the Payroll Clerk must have ample time to compile them - hence the weekly report.

4) POSITION OPENING

The B.C. Teachers' Federation has an opening for an Assistant Director for Professional Development. Applications to be submitted by October 22. For details, please see Faculty Bulletin Boards.

5) HELPING TO DEVELOP A PROVINCIAL CONTINUING AND COMMUNITY
POLICY (THE FARRIS COMMISSION)

Approximately fifty copies of a "Paper Inviting Public Response" have been distributed to faculty members in a quasi-random manner. If you have not received a copy, I am sorry, but there were not enough to go round. Try to share a copy with a colleague.

There is likely to be legislation, through a College Act in the Spring. This is your chance to affect legislation, but time is short.

If you wish to be involved you can;

- a) Present a private brief
- b) Present one with some of your colleagues
- c) Provide input for a King Edward Campus brief.

If you are interested in being a part of (c), please give me your concerns in writing by Tuesday, October 19th.

The Commission will accept briefs on Saturday, October 30th between 9:00 a.m. and 5:00 p.m. at the Maritime Museum.

If you wish to present your brief verbally, please write to Victoria in the format set out on page 20 of the working paper. A time slot will then be allotted to you.

Areas of concern to the Commission appear to be:

1. Area and scope of Adult Basic Education
2. Organization of Adult Education
3. Priorities and strategies
4. Delivery and access
5. Issues and alternatives.

6) NOTES FROM THE MUSIC DEPARTMENT

There will be a Friday evening recital by two of V.C.C.'s vocal students in the Music Building on Friday evening, October 15, at 8:00 p.m. Admission is \$2.00 for adults, 75¢ for students. Proceeds from this concert will go to the Music Students Association fund to build instrument storage cabinets and to help equip the students with other much needed accessories. PLEASE inform your students of this concert. Features are Marion Condrashoff and Frank Holden.

Tuesday Noon Recitals will begin October 19th. Admission is free and will feature V.C.C. music students and faculty. The recitals will continue to the end of the term.

The first touring group to be sponsored by the V.C.C. Music Department was a tremendous success at Malaspina College in Nanaimo. There were more people in attendance than at V.C.C. to hear the same Brass Quintet which we sponsor. We still believe in tomorrow.

7) THOUGHT FOR THE WEEK

You can use techniques to break learning down into small steps, and so on, but your student won't learn without this feeling of being worth something, and the only person who can give a feeling of self-worth is a person of worth.

I'm sorry to say that often they see other members of their families and their peers as not being worth very much. So when they come up against an instructor who is recognized as having worth, the instructor does more damage by being indifferent to that student than she does to other students who come to school feeling good about themselves and whose families make them feel good about themselves.

8) "OCTOBER" IS BACK!

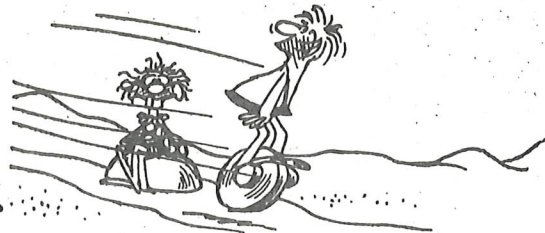

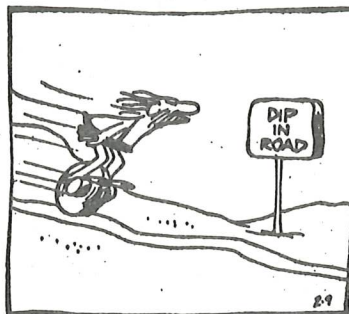

It has been agreed that in future Metric Dating will be dispensed with and the system of month/day/year (October 15, 1976) will be resumed.

13) THOUGHT FOR THE WEEK

"Machines will never replace instructors at King Edward Campus, because machines have no heart. They can't do what you do here every day. The minute they do that, they could replace you:- but they never will".
