5) YOUR SURPLUS BOOKS AND RECORDS

Mary Anne Epp and her colleagues would like to thank faculty and students who have given their own personal books, records, tapes, etc., to our library for the benefit of our students and faculty.

If you have any books, records, magazines, music or other related materials which are gathering dust in your homes, please pass them on to our library staff. Used pocket books are particularly needed. We cannot guarantee that everything you offer can be used, but we will do our best.

Since we have had to cut back on our journal and magazine subscriptions, we would love to have any that we can use, either as an entity or decimated for resource reference files.

Your anticipated co-operation in this matter will be very much appreciated, particularly by our students.

Cross-graded, open-ended and cross-eyed

HOUSTON (AP) — The parent of a Houston high school pupil received a message from the principal about a special meeting on a proposed educational program.

It read:

"Our school's cross-

graded, multi-ethnic, individualized learning program is designed to enhance the concept of an open-ended learning program with emphasis on a continuum of multi-ethnic, academically enriched learning using the identified intellectually gifted

child as the agent or director of his own learning.

"Major emphasis is on cross-graded, multi-ethnic learning with the main objective being to learn respect for the uniqueness of a person."

The parent wrote the

principal:

"I have a college degree, speak two foreign languages and four Indian dialects, have been to a number of county fairs and three goat ropings, but I haven't the faintest idea as to what the hell you are talking about. Do you?"
