7) HELP! TRANSPORTATION NEEDED

Daniel Fourier is a blind student who spends 4 hours a day on the bus to come to 3 hours of English Language classes. Do you know of anyone living in Surrey that could offer him transportation? He has been attending at night so his nephew can accompany him. He can attend any of the day classes if transportation is made available. Contact him at 581-7464.

8) RESERVED PARKING

Effective February 28th, 1977 the four "reserved parking" spots in the Metro Parking lot (opposite the receiver's door at the South East corner of the Administration building) will revert to general parking - i.e. the College will no longer lease them on a monthly basis from Metro Parking.

9) TREE FELLING!

The disappearance of the tree on the south side of the campus does not indicate that hospital construction has begun! The tree in question apparently was dropping branches on passing cars, so the Buildings and Grounds department decided to remove it in the interests of safety.
