2) FIRE ALARMS

On Monday evening, this week, at about 6:40 p.m., one of our student pranksters set off a fire alarm in the Instructional Building.

The building was not completely evacuated.

Please remember that it is the faculty's responsibility to see that the buildings are immediately evacuated EVERY TIME the alarm bell rings, except when told otherwise, and that NO students or faculty members return to the building until told so to do by an administrator on duty.
