

KING EDWARD TIMES

VOLUME IV, No. 24

September 16, 1977

1) MANY THANKS!

A hearty thanks to Shirley and the crew in Student Records and Fred and Lisa at the till for their continuing assistance and support in our registration.

Commendations and admiration for Kathleen and Barbara in Counselling with their stoic yet smiling patience during the registration onslaught.

Much appreciation to Dorothy Moutter who got her hands dirty to see that our "classrooms" were ready to go in Room 101.

The Basic Ed. Gang.

2) CONGRATULATIONS!

Pat has returned to his College Foundations classes with the laurels of considerable victories hanging around his shoulders. He was a participant in the Canada Games for the Physically Handicapped (Pat is blind), held in Edmonton in the summer of 1977. He won four silver medals, two in swimming (100 metre freestyle and 100 metre breaststroke); two in track (1500 metres, in which he broke the world record at 4' 52", and the 60 metre) and he got a gold medal in wrestling, 60 kilo class. Such a champion should not go unnoticed among us! Since he can't read these lines, maybe each of us could make a point of congratulating him when we see him. He says he's out to win more golds next time, and is training already. Good for you Pat!

8) ON "SMOKING IN CLASSROOMS"

I have been told that students (and indeed some instructors and staff members) need a reminder from time to time that smoking in our classrooms is prohibited. "Classrooms" in this context includes all areas where instruction is received, such as assembly halls, lecture/seminar rooms, laboratories, workshops, the Resource Centre and the Learning Centre.

Recently, we have all been pleased to see the work that our Maintenance and Operation of Buildings staff have done in replacing badly marred floor coverings. The job isn't finished yet, but the improvement in the appearance is astounding.

Hopefully, we will all make a genuine attempt to keep the floors reasonably clean and free from cigarette burns through recognizing that King Edward Campus is our campus.

And so, those who must smoke, please smoke out of doors when weather permits, or else only in those hall areas where ash trays are provided.

Together, as good citizens, let us take care of our Campus, at the same time, respecting the feelings of those for whom smoking is an irritant and ensuring that as little damage as is possible is done.

Please draw this matter to the attention of your students, repeating it if the areas near your classroom are unkempt, stressing the importance of good citizenship in this regard.

Many thanks.

9) LAST CHANCE!

The LBM "Library Fund" is approaching \$400.00 (In case you've forgotten: the Fund was established to buy books on B. C. for the King Edward Library as a remembrance of Louis Monasch's many years of service to the College). If you have not contributed to the fund - and would like to - please see Rita Shelley or me.

10) BRAHM WIESMAN REPORT ON "FACILITY PLANNING AND PROGRAM RATIONALIZATION, POST-SECONDARY EDUCATION IN THE LOWER MAINLAND".

Six copies of the above-named Report will be placed in the Library late today (Friday) or by Monday morning.

The Report makes recommendations respecting needed additional college/vocational facilities in the lower mainland and, although Mr. Wiesman's recommendations are fairly specific respecting some regions included in the Study, the references to King Edward's space problems, while recognized and addressed, do not result in concrete recommendations.

The Report, as indicated above, does address itself to our space needs. The following extracts from the Report reflect Mr. Wiesman's concern:

pp. 11 and 12:

"In the event King Edward College (sic) is not otherwise permanently accommodated through current negotiations, join with V.V.I. and instead of proceeding with tower in 9, above, construct 250,000 sq. ft. of permanent space on East Broadway corridor and include space for V.C.C. offices now rented, and for building construction program now in leased space. Additional cost over item 9, including site and remodelling of V.V.I."

Reference on p. 16 is very similar to the above:

"In the event that a permanent solution to the space requirements of King Edward College (sic) is not found in negotiations currently in progress, then I would recommend that no expansion take place at the V.V.I. site (except for taking over Vancouver Art School space if and when it becomes available) and that a new College be constructed in Vancouver on the East Broadway corridor. This should involve realigning the functions of the two campuses, and moving some of the V.V.I. shops to East Broadway, including the construction program now located in leased Raymur St. space".

p. 17: "My best judgement is that a new campus in the order of 250,000 sq. ft. is sufficient to accommodate the needs of both institutions, including V.C.C. offices and the relocation of the Raymur Street Building Construction program. The division of functions between the two campuses should proceed from first principles without regard to the present arrangement. Some of the English language and basic education programs should be decentralized into Vancouver School Board space".

The above are three extracts from the Report. The Report itself is not lengthy. If you have time, do read it in its entirety.

Mr. Wiesman has recognized our needs; I am hopeful - even optimistic - that officials in the Ministry - and the Minister himself - will move quickly to resolve our space problems.

11) V.I.A. MEETING

The next General Meeting of the V.I.A. will be held on Wednesday, September 21, 1977 from 1:45 to 4:15 p.m. at the Holiday Inn, 711 West Broadway.

Those instructors wishing to attend this meeting may be absent from classes starting at 1:30 p.m. and will be expected to return to duty immediately after the meeting.

Instructors should arrange for student class work during the meeting.

14) SPECIAL COURSE IN TEACHING ADULT STUDENTS

Simon Fraser University is offering a special short course for their T.A.s in methodology/technology of teaching adults.

I have been advised that a few members of V.C.C. faculty can be admitted. There will be two sections: one meeting on Mondays at 4:30 p.m.; the other, on Wednesdays at 5:30. No fees, no credits. Anyone interested? Please see me today or Monday.
