2) INFORMATION ON PARKING

Early in May, I wrote to the Vancouver General Hospital and Metro Parking requesting that the area west of Laurel Street be designated as College Parking. Further, I requested that monthly parking privileges be re-instituted. Recently I received from the Vancouver General Hospital the letter which appears hereunder - it is self-explanatory.

J.D.B.

"In reply to your letter of May 3, 1978 to Mr. Lyle Geary of Metro Parking Ltd., this will confirm that all parking in the new Laurel Street lots will be on a metered ticket basis.

We do not feel it is necessary to restrict any portion for the use of the college. The students and staff will normally use the areas nearest the school, and hospital visitors and staff will park nearest the hospital. At the present usage there is adequate space for all concerned."

3) MORE ON PARKING

In discussion with Tom Crump, GVRHD, it became apparent that there are some on campus who believe that parking on campus costs 50¢ for each two-hour period. While it does cost 50¢ for an isolated two-hour block of time, the total cost for a day's parking is \$1.00. Some of your students might appreciate this fact also - please let them know.

4) GET WELL WISHES

Our best wishes for a speedy recovery to Nic Morelli, who is in hospital after an appendectomy.

5) VACATIONS

1. I will be away on vacation from June 19 to June 30, inclusive. During my absence, please refer to Mr. Pankratz any problems, etc., which you would normally refer to me.

J.D.B.

2. I will be away on vacation from June 19 to July 10, inclusive. During my absence, Ann Sung will be in charge of the library.

6) ABUSE OF THE A.B.DICK COPY MACHINE

Again - we must remind all faculty and staff that copies on the copier must be limited to five and no more!

The operating costs of this machine are high, it is not built to take heavy abuse such as 30 or 40 (or MORE) copies at once, and we have ample services in our Duplicating Department to handle all work quickly, efficiently and at lower costs, if you will plan in advance to get the work to us a couple of days in advance. So-called "emergencies" can usually be handled at once, if necessary. We would appreciate your co-operation.

7) FROM THE BELLINGHAM HERALD 1978 06 09

Job description

With reference to recent editorial and news issues, imagine this as a job description:

Manager wanted for 30 to 40 employees, possibly 95 to 150. Expect a yearly turnover; for some positions, quarterly.

College degree required. Master's degree preferred. Practical experience desired.

Responsibilities will include quality, production, training and discipline of employees. Training

must be expedited regardless of discontent or apathy.

No choice in ability or personality of employees will be considered. Laying off of assigned persons is strongly discouraged. Production quality must be maintained at all times. Your performance will be subject to evaluation of superiors, employees, and their family members.

Would you accept such a position? What salary would you demand?

This is not a fantasy situation. The description fits a job classified as "teacher," the employees are "students."

Marvin A. Southcott
601 14th St.
