

KING EDWARD TIMES

VOLUME V, No. 30

November 3, 1978

1) 1979-80 KING EDWARD CALENDAR

The time has come for us to think about up-dating our calendar. I would like your suggestions.

Faculty members, please give your suggestions to your department head by November 17. Department Heads, add your own and pass them to your Division Chairmen by November 24.

Staff members, please let Dorothy Moutter know of any changes that you would like to see, also by November 17.

Your anticipated co-operation in this will be greatly appreciated.

2) T.E.S.L. CONVENTION

During the T.E.S.L. Convention, representatives from various E.S.L. organizations in Canada will be meeting to see if they can finalize the arrangements for a national E.S.L. organization. These representatives will be from Alberta, Manitoba, Ontario, Quebec and Labrador and "our people" from B.C. will be Rose Marie Watson and Maureen Sawkins. If these meetings are successful, we will have a national professional association (tentatively?) called T.E.S.L.: CANADA. It is a very worthwhile cause and we wish our negotiators every success.

5) "STILL ALIVE AND WELL AND LIVING IN KITIMAT"

I talked with Norm Dooley and Christel Nierobisch yesterday and they reported that all is going well in Kitimat. They have about 50 students and new premises to teach in. Last year they were in half a duplex, but this year, some doctors' offices in the Nechako Shopping Centre have been converted into large, airy classrooms. Their only problem yesterday was that it had been raining incessantly for three days, the river was rising, and the dyke beside which they are living was beginning to leak. I gather in non-teaching hours, they were spending their time either looking at the river, or packing their personal belongings in the trailer in case they have to move out in a hurry.

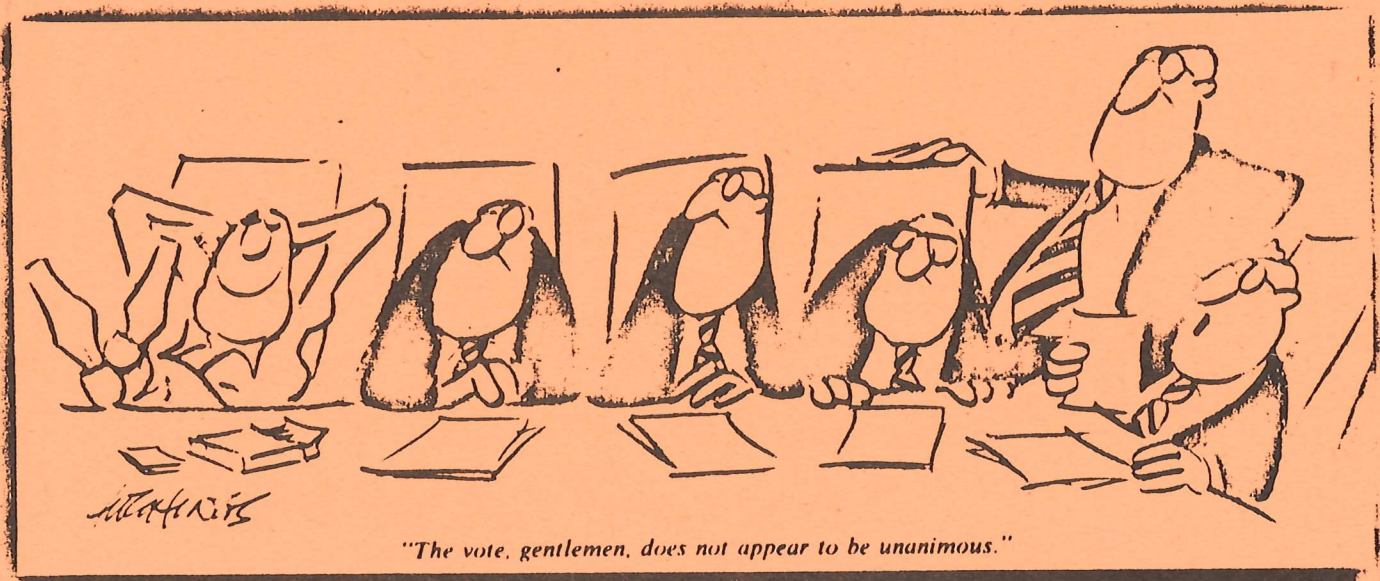

Such are the vicissitudes of teaching up north! Norm and Christel asked to be remembered to everybody and to keep their chairs in the staff room warm - they'll be back in the spring!

Blessed are those
Who move the immoveable
Penetrate the impenetrable
And stand duty during recess
For they shall be called
