5) METRIC WORDAGE

The terms mileage, yardage and footage have become obsolete in Canada. The chairman of the Metric Commission Canada suggests we all use the terms kilometrage and metrage to replace the obsolete mileage and footage. These terms have the added attraction of being bilingual.

9) NOTE FROM A.V. DEPARTMENT

OVERHEAD PROJECTORS are in short supply, as everyone must know by now. The problem is an acute shortage of bulbs - none to be found in the province. We have them on order, but can't guarantee when they will arrive. If we can conserve the remaining good bulbs, we may be able to limp along until they do arrive. So please:

Use the overheads only when really necessary.

Use the blackboards as much as possible.

Switch off the projectors when not using them.

Thanks for your help.
