FANTASTIC !

As of this date, participation in the United Way Campaign at King Edward is about 6%. Just about even with last year, but our dollar amount is higher.

To those who have contributed - a great big THANK YOU!

We have one more week to go for a final BIG PUSH! Let's change the .06% to 60% and then push that on up to 100%!

If you are one who hasn't contributed but would like to help boost our campaign, you can still do so by sending your contribution to Mary Griffith.

Thank you for your support.

We will keep you posted on the final results.

LET'S MAKE IT BIG!

FROM THE MUSIC DEPARTMENT

"The Music Department of King Edward Campus is pleased to announce the return to Vancouver of the "L.A. 4". This incomparable quartet, featuring Laurindo Almeida on guitar, Ray Brown on Bass, Jeff Hamilton on drums and Bud Shank on sax and flute, will be presenting a clinic and two fine performances on November 7th, 1979. The clinic will be held at Mt. Pleasant Centre from 11:30 to 4:30 p.m., with the two shows in the evening at 8:00 p.m. and 10:00 p.m.

We invite all of our associates to attend the concerts. The cost is minimal, at only \$7.50 in advance, and \$8.50 at the door. Advance tickets are available by telephoning Wendy Jones or Terry Smith at 873-2461.

Further details follow on the next two pages."

4) CO-OPERATION CELEBRATION - VPL/VCC - "LEARNING CENTRE IN THE LIBRARY"

It is now just a year since Vancouver Community College, through the King Edward Campus, opened its Learning Centres at the Mount Pleasant and South Hill Branches of Vancouver Public Library.

Visitors to the Mount Pleasant Branch on 9th October would have seen this fact being celebrated when representatives from Public Library and King Edward Campus, together with tutorial staff, students and local library staff held a birthday party complete with iced cake and all the trimmings. The cake was cut by Harry Pankratz, Principal of King Edward Campus.

"Mary Ashworth has taken this opportunity to deal with the myth that racism is an accident of attitude. Her historical survey, however, exposes racism as a deliberate political policy legislated by elected representatives and implemented by bureaucrats. The law that deprived an entire race of people of the right to vote was a law, not an attitude. When the Victoria School Board tried to segregate students because of their racial differences, they were exercising their power to implement policy, not simply manifesting an attitude. It is good to get this reality into the open where it can be examined, and Mary Ashworth succeeds in doing this without emotion or bias. . . .

"The miracle is that this book is not a depressing book. It makes you angry, it makes you sad — but it is also filled with hope, because you cannot help comparing 'now' with 'then.' You cannot help but see that the experiences of these five groups have resulted in the growth of a community determined not to allow the repetition of some of the more gross injustices of the past. The children of 'then' are the adults of 'now' living among us, a trojan horse, a conscience. . . .

"In addition to educators, two groups of people must read this book. Minority group members and their detractors. They will learn from these pages that indigenous racism is part of the ongoing reality of British Columbia — that their experience today is history repeating itself. But as they look around they will witness that the Chinese, Japanese, Native Indians, East Indians, and Doukhobors are slowly but surely overcoming the hurdles in their path — 'the forces which shaped them' retarded but could not stop their determined strides."

14) IT CAN HAPPEN TO YOU TOO.....

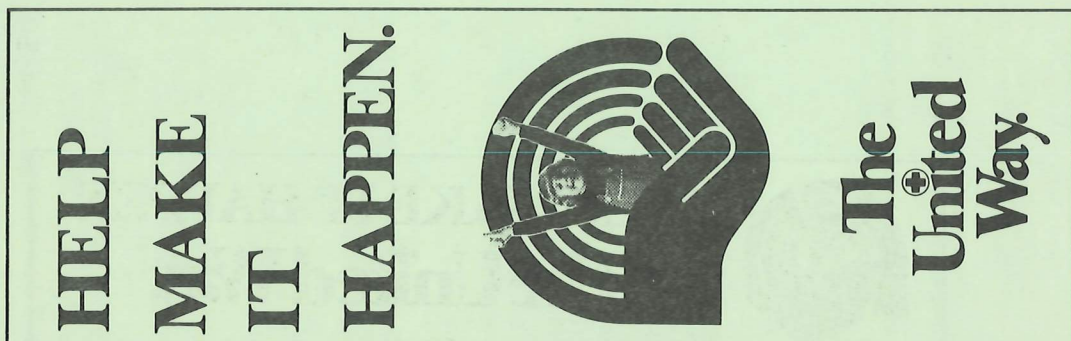

Please learn from what happened to the wife and mother-in-law of one of our instructors.

They both had their hand bags unzipped and over their shoulder while they watched the children during swimming lessons on Wednesday night at the UBC indoor pool.

Someone lifted \$60 from a purse in one bag and \$40 from the other bag.

Please remember to keep your hand bag zipped up and have an arm over the top of it when you are in a crowd and engrossed in an activity that consciously takes your attention away from the hand bag.

19) COLLEGE FOUNDATIONS DAY

On behalf of all who attended College Foundations Day last Friday, a great big thank you of geometric proportions to Ruth Behnke, Jean Cockell, Joe Huang, Milton Hwang, Carole Kellough, David Kirshner, Elizabeth MacLeod, Keith Oberding, Irene Regan, Keh Tio, and Wayne Wilson for having organized an informative, pleasurable and ever-stimulating day.

And, for those present who were too enthralled by the sight of the Science Department in complete Star Wars regalia to listen to their song in detail, it is reproduced below and is sung to the tune of Love and Marriage....go together like a horse and carriage). May the Force be with you!

SCIENCE-MATH SONG

Math and Science, Math and Science
Together give you this great appliance
You can see this combination
Will easily reduce your life's
frustration

See, see, see the great inventions
Here is how we got them,
Compilation, calculation, concentration,
constipation,
Gives us our great equations.

Kazoo Chorus

Hand in hand into the cosmos,
Always together,
If you doubt this allegation
Check your computer.

Math and Science, Math and Science,
Go together as a grand alliance,
Test tubes and statistics,
Together they will solve the tough
logistics.
