Do you ever feel intrigued
by foreign ports of call?

INSTRUCTOR EXCHANGE

We have a letter from Rob Jefferson, a biology instructor who lives in Chippenham, Wiltshire, England -- certainly one of the most beautiful areas in the world.

He is interested in working here for a year from September 1981 and is interested in exchanging jobs, homes, cars, etc. with someone from this campus.

Should this exchange appeal to you, please contact Colin Casey or me at your convenience.
