MERRY CHRISTMAS AND A HAPPY NEW YEAR!

1980 is very rapidly drawing to a close and, as the year-end approaches, the majority of us find ourselves involved in many activities which, at the same time, may cause us joy mixed with anxiety and frustration and, possibly, all of it at considerable expense. But, despite some of these "negative" aspects of the Christmas season, most of us look forward to Christmas with great anticipation.

Besides the necessary term-end examinations, and reporting, advance registrations and the issuance and mailing of term-end grades which must be undertaken at this time of year, several events of a ... shall I say "relaxing" ... nature have also been planned; these have been given ample and appropriate publicity and I

hope that all who participate will enjoy doing so. These events afford us a brief interlude during which we can meet to socialize rather than meet to discuss courses and curricula, etc.

As indicated in last week's Times - and just before members of faculty leave for their Christmas break - I have scheduled a meeting of all faculty and staff for Tuesday morning, December 23rd at 11:00 o'clock in room 110.

In closing, I want to take this opportunity to wish for each member of the K.E.C. family, all the best for the festive season. A very merry Christmas and a happy new year to all!

PARKING CHARGES - KING EDWARD CAMPUS (reprint of letter received Dec. 15)

Pursuant to your correspondence of 80/11/24 and our recent telephone conversation, we have once again reviewed the matter of increased parking rates on the King Edward Campus.

Ever since the GVRD owned King Edward Campus property, the rates for parking have remained at the \$1.00 per day maximum. Since the rate at Vancouver General Hospital Parking Lot for visitors is to be increased to \$1.50 maximum daily, it is necessary that we parallel the same rate on the King Edward Campus. It should also be noted that the rate of \$1.50 per day is the lowest of any of four lots which the GVRHD operates. As of 81/01/01 the visitors' rate at the other lots will be raised to a maximum of \$2.00 daily with the charge for the first two hours: 75¢.

Rather than raise the rate for the first two hours from 50¢ to 75¢, we have chosen to allow three hours parking for the new rate of 75¢. As previously notified, the daily maximum is to be increased to \$1.50 daily.

Yours very truly,
I.G. Stump,
Hospital Planner

JUGGLING ANYONE?????

(From a local newspaper)

Ted and Elaine Hougham took Brown's course in juggling this fall and are both wizard jugglers. "Juggling is one of those completely open-ended things where you find one thing always leads to something else," Ted said. "If you show Jim something he'll show you something else which is similar. For instance, the other day I was doing three balls off the wall - he showed me three balls off the floor."

Ted practises 20 or 30 minutes a day, "at odd times - watching NHL hockey is a good time." Although he hasn't performed, he has juggled for the benefit of his colleagues at the King Edward Campus of Vancouver Community College. "I've juggled fruit in the staff room. Eggs are fun, too. First cooked, then uncooked."

No egg on HIS face!
