A LETTER OF PRAISE

Re: "Choices" Workshop run by OTC in March 1981:

"Praise is deserved all the way around. It was an excellent workshop, introducing an excellent new service. Thorne Husband and Frank Fornelli from VCC were well prepared instructors. They made it a fruitful experience not only because of their intimate familiarity with CHOICES, but because of their obvious depth and professionalism in career counselling. They enjoyed credibility which could only come from their counselling expertise in general. Bill Sloan and Abe Schellenberg invested a lot of time and effort ensuring the success of the workshop. The conduct of the operation is a reflection on OTC, suggesting that it is a well managed organization.

So I'm happy that North Island College has elected to join the CHOICES club. I can tell that we will be enjoying a very warm relationship with OTC, and that the support or backup is definitely there."

QUOTE FROM "BITS AND PIECES"

A well-known economist was giving a lecture to a group of college students. He explained the "whys" and "wherefores" of our economic system in just under 45 minutes. He was congratulating himself for reducing such a complicated subject to such simple language when the woman who had introduced him got up and said:

"Ladies and gentlemen, what our speaker has been telling you is that, if your outgo exceed your income, then your upkeep will be your downfall."

M.G.

"The kids don't listen, so I have to repeat myself. I'm always repeating myself. You know, always saying the same thing more than once. I say it once, and they make me say it again. . . ."
