VOLUME VII, No. 27

October 16, 1981

SUSPENDED IN MID AIR!

Our United Way balloon is suspended a little more than half-way to the stratosphere! We need more hot air (money) to get it soaring again!

To date, 66 Edwardians have contributed the grand sum of \$4,326.84. A goodly sum!

Thanks to all 66 of you for caring/sharing.

I know the remaining 334 "caring" staff will want to share also.

Please don't forget our Chili Tasting Party next Wednesday, October 21 - 12:00 Noon to 2:00 p.m. (or until the chili is consumed) in Room 110.

ALL PROCEEDS GO TO UNITED WAY!

Please inform students. I'm sure they will want to join the fun. Remember - music, slides, balloons and the best chili this side of Texas!

REMEMBER - A DAY'S PAY THE UNITED WAY!

THANK YOU!

My most sincere thanks to all those kind people who have expressed to me in so many heart warming ways their concern and good wishes during my recent health problem. As many of you know, the caring of other people is the world's wonder drug. We are fortunate indeed that the Edwardians should have such an abundance of this drug because since its principle ingredient is sincerity it can obviously never be synthesized.

Hope to be back soon.

Colin Casey

NEWS FROM COUNSELLING

Personal counselling accounts for a large percentage of our work. What kind of personal counselling?

Here is an example: The student is one who has now left V.C.C. and the name is not her real one.

Judy came to K.E.C. with a social worker from the Maples, a residential school at the Burnaby Mental Health Centre. Judy was a runaway sixteen-year-old, deeply distressed and rebellious.

She entered College Foundations and had a difficult time integrating her particular personality into the structure here. She came for over two years for regular counselling, for support and encouragement, and the consistent help enabled her to wrestle her way through to her Grade 12. The instructors were unfailingly supportive and accommodating too.

Today Judy is working intensively with her native people. In her early 20's, she edits and produces material needed for the advancement of Indian people. She still contacts her counsellor periodically and says that, without the opportunity she had at K.E.C. to vent her angers and share her successes, she would not have been able to complete her Grade 12.

There are 100's of Judys that counsellors work with on a regular basis.
