HEARTSAVER

Last week I took a 4-hour class, through VCC Continuing Ed, called Basic Heartsaver. I can't think when I've used 4 hours more productively. We were taught, and practiced maneuvers for rescuing choking victims (restaurant coronaries), and how to resuscitate a person whose heart and lungs have ceased functioning, until help arrives. Resuscitation is practiced on life-sized dolls named "Annies." Annie's lights flash to let you know if you're getting air into the lungs, etc. The "Annies" were designed by a man whose daughter of the same name died on the beach after a drowning accident because none of the on-lookers knew CPR. The dolls all have the face of the original Annie.

In Seattle, one in five people has been trained in CPR. They have lowered their deaths from heart attacks dramatically.

THANK YOU!

Many thanks to Ted Kirby for agreeing to give Co-Ed Keep Fitters some tips on running. Ted led us through stretches, ran with us and answered questions on topics ranging from sore muscles to "holey" runners.

NOSTALGIA

The old school burned down on 19th June, 1973 and eleven days later I got married. The two events were not, at least to my knowledge, connected, but the first did have an effect on me, eclipsed only by the second. Anyway, the entire faculty, staff and student body moved to Langara, then conveniently half empty during the summer.

A couple of days before my wedding, I had taken an extended lunch hour to arrange a few details dependent upon the impending demise of my bachelorhood and on my return, the office manager summoned me to a classroom where, he ominously said, I was wanted. I walked in and was greeted by the staff and faculty who gave me a totally unexpected pre-nuptial party. That's when I realized that I would never be really happy working anywhere else. That they should care enough to do that, when just the week before we had all suffered a great catastrophe - well, that's what I call - family.

UNSOLICITED, UNABASHED AND IMPORTUNING

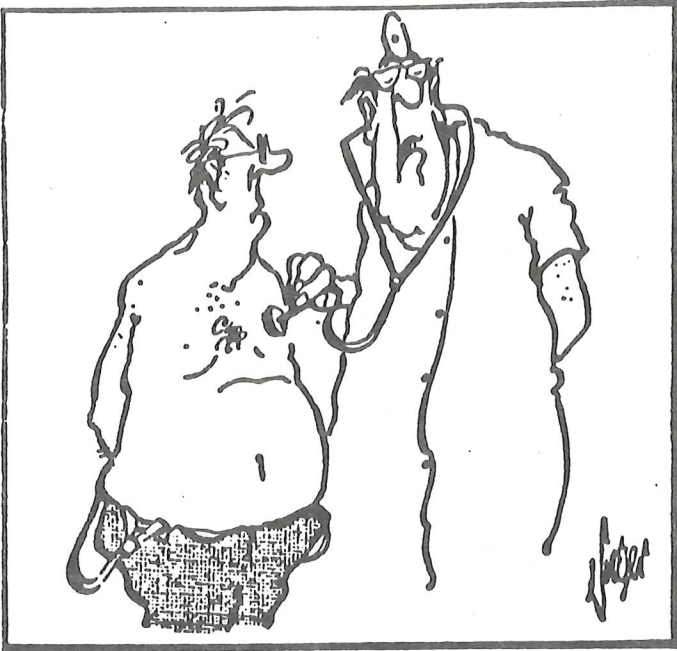

This note is in praise of the K.E.C. Music Department and, in particular, of the stage band aggregation - a young, talented, and already seasoned group of excellent musicians directed by David Branter. This orchestra, which has been featured on CJAZ radio, will be performing on Saturday, February 20 at the Scottish Auditorium (12th and Fir). The music is all big band arrangements with featured solo work - eminently listenable as well as danceable.

Get some friends together and follow the big band. This one is truly enjoyable - escape the February blahs with a fun evening out - a K.E.C. spectacular!

"UNDER THE RAINBOW"

The story begins with the confrontation between a man who grows flowers and a computer technologist. A flower pops up in the middle of the computer room while a computer tape rolls out into the flower garden. Each man destroys the "foreign object"... later they discover that understanding is better than distrust.

The CVCC-EVIS seeks to identify and be responsive to the fundamental issues and problems which emerge with the development of this technology. It seeks to ensure that the introduction of videotex proceeds in a manner which is both acceptable and desirable to Canadians in all walks of life. The Subcommittee anticipates that such major issues as videotex and the privacy of individuals, the idea of what interactive videotex is, and equity in access to videotex systems among other issues, should be openly and publicly dealt with.

RUNNERS - UNITE! ALL YOU HAVE TO LOSE IS YOUR FEET!!

An update from the jogging corner to all V.C.C. runners, would-be runners and fast walkers under the leadership of the Big "P".

The Race is on!!!

Date: Saturday, March 6, 1982 Place: Stanley Park
Time: 2:00 p.m. (You must be at the Burrard Y.M.C.A. by 1:15)
Length: Five Miles (Don't be concerned, the High Steppers have promised to give us a handicap. All you have to do is run, jog, walk or crawl or any combination of the proceeding methods of propelling the human form over a distance of 5 miles.)

Starting Point: We have been invited to use the Y.M.C.A. facilities at 955 Burrard. Guest passes will be available at the door to use the "Y" facilities before and after the run. (This includes the pool, sauna, etc.)

What to Bring: Running shoes, jogging clothes, (Depending on the weather this may include shorts and T-shirt.) towel, soap and a change of clothes for the social function afterwards. Most of the runners dress fairly casually! (Afterrun attire is often a clean jogging suit!)

What to Expect: Considering the "Y" running club (approximately 300 strong) be prepared for anything! I suspect they will try and fix the race or set us up in some way. If you have any ideas as to things we might do for them or to them, contact one of the V.C.C. club organizers and let them know.

<u>Club President and Leader:</u>	The Big "P", Gordon Pawelchak
<u>Vice Chairman:</u>	Ted Kirby
<u>Anti Vice Chairman:</u>	Bob Hamoura
<u>All-So-Ran:</u>	Dave Greenall
<u>Program Chairman:</u>	Peter Ballin
<u>Treasurer:</u>	Max Fleming
<u>Social Chairman:</u>	Dalton Kremer
<u>Everything Else:</u>	The Little "p", Pasquale Pascucci

This is our first run and considering who we are running against, it should be a lot of fun. The Stanley Park Steamers are a "social running club". They have a mixed membership, all ages and professions and are all at different levels of fitness. Don't worry about breaking any records, just come out and enjoy yourselves.

Important. We need to know who will be running. Hopefully, if we can get your name and T-shirt size in time, we will have V.C.C. colours to run under. If Dalton Kremer is successful in his negotiations at V.V.I., the singlet will cost under \$5.00. If not, Rackets and Runners will provide them for us on short notice, for approximately \$10.00 per singlet, which includes crest and name.

So far, approximately forty people have joined the V.C.C. "no name" running club with representation from K.E.C., Langara, V.V.I. and Regional Office. The next issues of your local newsletter will include a special review of the runners signed up so far, their names and their running accomplishments to prove that V.C.C. really has a running club and its share of "crazy people".

If you have not signed up, there is still time! Contact one of the club organizers at K.E.C. or sign your name on one of the recruiting posters, which have or will be placed at strategic points around the various campuses.

"STANLEY STEPPERS"

January 1982

Dave Greenall, Esq.

This letter is to advise you that Saturday, March 6, 1982 has been set by the executive of the Vancouver Downtown Y M C A Running Club "STANLEY STEPPERS" as the date of this historic running event.

It will take place in Stanley Park at 2:00 PM sharp!! The distance will be 5 miles and the event will be co-ed. We thought this might give a little more incentive to the runners to turn out for this spectacular. We have named this sepectacular event the "NO NAME CHALLENGE".

Any number of participants may take part. The more the better. We figure that a handicap system of some kind can be used to score the event. The executive voted unanimously that the victory celebration be held at the nearest pub with the loser buying all (Good deal!).

For the victors of this stoic event we thought each would receive a and the participants one with the choice from the losing team.

In case you are wondering why we have set the date in March - we thought we would be generous in extending your training time for the event. We realize, in such a spectacular event, that time is of the utmost importance in preparation for such an astute group as the "STANLEY STEPPERS"!

We look forward to hearing from you soon.

Yours in Running,

STANLEY STEPPERS
