COLLEGE BOARD MEETING

A special meeting of the College Board was held yesterday evening, primarily to consider the implications of the 1982-83 operating budget cut-back announced late last month by the former Minister of Education.

The magnitude of our operating budget reduction is \$896,900 plus an additional 26% of our operating capital budget which, for the College, amounts to an additional reduction of \$356,500.

In a memorandum to the College Board, College President, A. S. Manera addressed in detail the problem the cut-back creates for V.C.C. (A copy of the memorandum is on file in our library.)

Several other matters were considered in public session as well, these too are on file in the library.

In private session, the Board took action on a number of measures, significantly:

- a) ratification of the collective agreement with the VMREU (which had been tabled by the Board at its July 21st meeting);
- b) approval of the reduction of the non-salary operating budget as itemized in the public portion of the Board meeting; and
- c) authorization for the administration to meet with representatives of the several V.C.C. unions to reach accord on reductions in the salary/fringe benefit package for their members; such reduction to take effect 1982 Oct. 01.

The next College Board meeting is scheduled for August 25th at King Edward Campus (room 110).

DISTANCE EDUCATION FAIR

Bob Lajoie, Telecollege Coordinator, has initiated, in cooperation with several other Lower Mainland institutions and the Knowledge Network, a distance education fair to take place at the Robson Square Media Centre from 10:00 a.m. to 6:00 p.m., August 24-28.

The fair will focus on television instruction, but other forms of distance education will be included. Booths are being set up by the Knowledge Network, B.C. Tel, Open Learning Institute, Douglas College, B.C.I.T., Simon Fraser University, Kwantlen College, University of Victoria, U.B.C., the Downtown Education Information Centre, the Certified General Accountants and ourselves.

The College booth will feature the Telecollege display and computer based training in conjunction with Heathkit/Zenith (who will provide the hardware). Other displays are featuring satellite reception technology, video displays of Network programming, Telidon as an information service and as a guide to the fair itself.

ACCOMMODATIONS, ANYONE?

From time to time, prospective students for the Visitors' classes ask for information regarding accommodation available in Vancouver. Would anyone interested in hosting a student contact Vi McKinnon, giving details of what is available. Between \$300 - 375 per month is normally charged for single room, board, with use of washer and dryer. Please give dates available.

Confused? So are our foreign language students when they require health information but can't read our literature. Learning a language takes time and often these students need information now.

In order to improve our service for foreign language students, the Student Health Service is putting together a collection of pamphlets on various aspects of health in foreign languages. Some of this information is available to us free. However, the groundwork for pamphlets not available elsewhere must be done by us. So --- we are asking for HELP!

We need volunteers who are fluently bilingual in English and one or more of:

Chinese
Punjabi
Greek
Polish

Vietnamese
Italian
French
Iranian

to help us in the translation process. We will provide the English versions of the material.

What can we give in return? Just our thanks and the thanks of the students who will now have pertinent health information available to them in their own language.

You can volunteer by calling local 34 or drop in to Room 318.

IEPA '82-'83

Already there are four referrals waiting to be dealt with at the first IEPA meeting in September (the 9th, actually) and perhaps more, if instructors have already identified students who cannot seem to progress despite motivation, encouragement, extra help and obvious intellectual normalcy.

A list of IEPA reps and an instructor's referral sheet will soon be in your mail boxes, or as soon as the representatives have agreed to serve on the committee.

Please deal with your IEPA representative only. Do not try to discuss potential cases directly with Malcolm.
