Thursday - 9:30 a.m. to 8:00 p.m.

SECURITY OF EQUIPMENT

During periods of recession, thefts tend to increase. It would be prudent, therefore, to take extra precautions to protect equipment. This is particularly true at some of our outreach centres where security personnel cannot be hired. It is particularly important, therefore,

- to ensure that offices, filing cabinets, etc., are locked when not attended;
- to ask for identification if strangers ask for equipment;
- to report any strange or suspicious behavior - there should be no hesitation in calling police if strangers refuse to leave the premises when asked to do so;
- to ensure that keys are not left lying around, or even in accessible pockets of clothing;
- to be especially careful about leaving purses or other personal property in public areas.

Typewriters, calculators, audio-visual equipment (especially tape recorders, cassettes, etc.,) are particularly attractive to thieves. Please ensure their security to minimize unnecessary losses.

LIBRARY NEWS

This week sees the return of Phyllis Butler from her period of Maternity Leave, and the departure of Barbara Hodson as her temporary replacement. Many thanks to Barbara for a job well done.

Phyllis will be working half time only for a while, and as the "other half", KEC Library welcomes Brenda Appleton, already well known to some of you from her work at VVI library.

Welcome back, Phyllis and Brenda.

Confused? So are our foreign language students when they require health information but can't read our literature. Learning a language takes time and often these students need information now.

In order to improve our service for foreign language students, the Student Health Service is putting together a collection of pamphlets on various aspects of health in foreign languages. Some of this information is available to us free. However, the groundwork for pamphlets not available elsewhere must be done by us. So --- we are asking for HELP!

We need volunteers who are fluently bilingual in English and one or more of:

Chinese
Punjabi
Greek
Polish

Vietnamese
Italian
French
Iranian

to help us in the translation process. We will provide the English versions of the material.

What can we give in return? Just our thanks and the thanks of the students who will now have pertinent health information available to them in their own language.

You can volunteer by calling local 34 or drop in to Room 318.

Greta Nelson will be away on holidays for all of September. Please put all I.E.P.A. referrals for September in Wayne Decle's mailbox. He will act as chairman in September.

HELP!

If anyone has an old shopping cart (the folding kind) that they no longer need, the Student Health Service could put it to good use. We need one to transport films and bulky health teaching materials between the buildings.

FROM THE RUNNING CORNER

Ted "Iron Man" Kirby successfully completed the Vancouver Triathlon on Sunday, August 8th. Although the water was cold "oh so cold", Ted completed the 2 km swim, the 30 km bike course and the 15 km run in 2 hr. 43 min. New "no namers" member Jeff Blore (VVI) ran neck and neck with Ted and completed the course in 2 hr. 41 min. Well done guys, maybe the water will be warmer next year!

Events

On August 29th (Sunday), there will be an Annual Marathon at Whistler. This is the first such Marathon held at Whistler. In order to participate, a runner must be a member of the B.C. Track and Field Association.

The Marathon will start at 7:00 a.m. in the town centre and the fee is \$8.00.

There is also a 1/2 Marathon which will start at 8:00 a.m. and the fee for that is \$6.00.
