COLLEGE BOARD MEETING

Last week Wednesday's College Board meeting was held at the Langara Campus. The chairman announced that the Vancouver School Board has appointed trustees Bill Brown and Bryan Hannay and former trustee Karl Erdman as members of the College Board, effective 1983 February 01.

The President's report to the Board touched on a number of K.E.C.-related items: additional "one-time only" funding of \$50,000 for part-time English Language Training; designation of adult special education as a provincial priority; enrollment - over 7,000 students enrolled in K.E.C. programs this month -; and the new campus - our move to East Broadway will be phased over a two-month period, from March 1st to May 6th. A copy of the report is in the library.

Mr. Manera's report to the Board on "1981/82 Financial Performance at V.C.C." in comparison with other colleges and institutes makes for interesting reading. (It's included with the agenda material.)

The 1983/84 Provisional (operating budget) Plan, developed by the College Executive Committee, was tabled with the Board. (The details appear on pages 15 to 24 of the agenda material.) Mr. Manera indicated that the provisional plan will be discussed on Thursday morning, January 20th, with representatives of the several College constituencies.

Background material, supporting documentation, minutes, etc., are in the library.

Several matters were handled in private session, two of which were:

- confirmation of appointment of faculty and staff; and
- awarding of the food services operation for the new K.E.C. to Domco Food Services Ltd.

The next two College Board meeting dates are February 9th and March 2nd.

MONEY FOR STUDENTS

Applications are now available in the Counselling Resource Centre for the K.E.C. Student Fund Awards. Students applying must get an instructor's recommendation. Recipients are selected on the basis of academic diligence and financial need.

The awards will be presented March 2nd. The application deadline is Friday, February 11. Completed applications should be handed in at the Counselling Resource Centre. Only certain short-listed students will be interviewed, due to time constraints.

KING EDWARD DAY, 1983

Friday, February 18th is set aside for King Edward Day. Elsewhere in this bulletin and in subsequent bulletin(s) you will find further information respecting the program for the day, etc.

Some faculty members have asked why they should attend the King Edward Day activities since they are not being paid for that day.

I believe the answer is simple. Faculty are expected to attend because King Edward Day is a duty day, and each instructor's duty for that day is to participate in King Edward Day activities, just as it has been on previous such days. I'm certain that the agenda items for King Edward Day will prove to be of interest to all.

In a spirit of cooperation and as a means of helping in the solution of the College's budgetary problem, members of faculty agreed to forego two days of pay, days on which no instruction is scheduled.

These days were specified at that time as being December 23rd and February 18th.

Obviously, instructors who are not obliged to attend but, at the same time, cordially invited to do so, are those part-time instructors who are not scheduled to instruct on February 18th.

I'm looking forward to the day's activities and I hope that you will too. I don't think we'll be disappointed.

WE'RE ON THE MOVE

As you know, King Edward Day is scheduled for Friday, February 18th. This year's activities are being scheduled for this campus (morning through to noon hour) and the new King Edward Campus on East Broadway. I appreciate the work of the volunteer committee members advising respecting the content of the day's activities, some of which have been incorporated into the agenda for the day. King Edward Day activities will go ahead at King Edward Campus and at the new campus on Broadway on Friday, February 18th.

Our theme for the day is "We're on the Move". It focuses on the activities in which we will all be involved during the next few months. The agenda, showing some detail, is:

1) The President Looks Ahead

It is a long time since Mr. Manera spoke at any length to faculty and staff of King Edward Campus. He would like to review the present and to address the future roles of the College and Institute system in general, and Vancouver Community College and particularly King Edward Campus more specifically. This will be followed by a question and answer period.

2) The Move to the New Campus

An opportunity will be provided for you to be informed about:

- 1) The over-all plan of the new campus;
- 2) The logistics of moving;
- 3) The amenities at the new campus:

parking (parking stickers);
telephone system;
security;
catering; and,
other related activities.

- 4) Introductions of new faculty members from the mechanical trades and descriptions of their programs; and,
- 5) Introduction of our new neighbours from Central Administration and Continuing Education.

There will be a question and answer period.

3) Lunch

Domco Foodservices will demonstrate their culinary capabilities with a catered lunch. Tickets for the lunch, at \$5 each, will be available between February 2nd and February 11th from the cashier at King Edward Campus. No tickets will be available on the day.

Get your luncheon tickets early as the caterer needs to know the numbers a week in advance. The more tickets that are sold, the better the luncheon will be.

A sumptuous buffet, made up of two entrees, cold cuts, salads and desserts, is promised.

This will be another great opportunity to sit down with colleagues old and new.

(By the way, Domco Foodservices has received the contract to cater at the new campus.)

4) Tours of the New Campus

Arrangements are being made to visit the instructional area of the new campus in the afternoon. They will be made on a departmental basis. This will give you an opportunity to explore your department's area, your classroom and your office, and to locate ancilliary services so that you can inform your students of what to expect before you and they make the big move.

THE MUSIC DEPARTMENT'S GREATEST CONCERT EVER!

The Music Department's first annual Jazz Concert featuring the department's Jazz Choir, Ernestine Anderson and jazz choirs from Edmunds Community College attracted over seven hundred devotees last Tuesday, the largest crowd ever to attend a performance in the department's history.

The concert was an artistic success.

Even though it lasted over three hours, the majority of the audience stayed right through.

Congratulations must go to students, faculty and staff of the Music Department, and to radio station CJAZ for its participation in the event.

VARIETY IS SPICE!

Quotes from George Sheehan and Ken Cooper:

"Running has made me a specialist. I am lean and hungry and have marvelous legs. I can run long and far, but I cannot do anything else. In attaining my level of running performance, I have sacrificed other skills and development. I am a creature who is all legs. I have virtually no upper body. My arms are no more than sticks, with my biceps and triceps barely visible. I use my body from the waist up for only two purposes: breathing and balance."

"--running isn't the best aerobic exercise anyway. In a list of activities that encourage the body to improve its ability to handle and distribute oxygen--in other words, activities that increase aerobic capacity--running shows up third in the top five. Number One is cross-country skiing, followed by swimming, jogging or running, outdoor cycling and walking." "...it's usually essential for those who are engaged in aerobic sports like running, swimming or racquetball to supplement their basic endurance training with strength and muscle building."
