SPRING AHEAD - FALL BACK

It's that time of year again! Daylight Saving Time is over. Don't forget to turn your clocks BACK one hour this weekend.

UPDATE ON THE UNITED WAY 24 HOUR RELAY

The Running Schedule is FULL! We now have enough participants to cover the entire 24 HOUR PERIOD. What we need now is company for the Runners! If you have from 15 MINUTES TO 1 HOUR TO SPARE, please sign up as soon as possible.

TEAM CHALLENGES--

THE MUSIC DEPT. is threatening to dominate the 12 A.M. - 6 A.M. time slot, both in terms of the # of runners and most original costumes. If anybody is foolish enough to try, they are prepared to take on any challengers.

AUTO BODY has two teams running and have issued a challenge to the two smaller and less important trades - Diesel & Auto Mechanics - to meet them on the TRACK or at the very least match them in terms of pledges.

ADMINISTRATION - Rumor has it that the Deans at VVI are planning on running near the witching hour Thursday evening, and challenge the administrators at KEC and LANGARA to match them if they can! (This is in addition to cooking breakfast! November 8th from 7 - 9:30 A.M. at VVI)

INDIVIDUAL PLEDGES - Congratulations must go to Max Fleming and his Supporters! Not to be left out, because he will be out of town during the Relay, Max collected personal pledges and ran at 6 A.M. Tuesday morning in Stanley Park in the Dark & Cold to raise the grand total of \$101.16! He challenges any individual to match his total.

ATTENTION

NOTICE TO ALL STUDENTS AND FACULTY

The King Edward Campus Student Society has been inactive since the former executive resigned in the spring of this year. The Dean of Administrative and Student Services has been encouraging an advisory committee of students to assist in planning student activities on Campus. This group met recently and discussed ways and means of accessing the funds held in K.E.C.S.A. Trust Accounts (approximately \$40,000). If these funds are not claimed, they will revert to the Provincial government. It was proposed that an election be held to re-constitute the K.E.C.S.A. executive. The purpose would be two-fold:

1. Vote to transfer existing funds held in K.E.C.S.A. Trust Accounts to the VCC-Foundation. These dollars could be doubled by a matching grant from the Vancouver Foundation and all accrued interest would be designated for K.E.C. student aid.
2. Officially terminate the K.E.C.S.A. The existing constitution has no "wind-down" clause.

The elections by-law of the K.E.C.S.A. constitution creates a "Catch-22" situation in so far as it requires that posters announcing upcoming elections be posted two weeks prior to the opening of nominations, and that general elections for all positions be held during the month of October. In an effort to comply with the spirit, if not the letter of the constitution, notices have been posted and the election date has been set for October 31st. Nominations for positions will be open until 5:00 p.m. Friday, October 26th.

Instructors are urged to direct student attention to the posted election information.

WELCOME

BOUQUET

To the teacher in Room 3183 at night. The sound-proofing is such that an unidentified colleague can hear every whisper from 3183. This unidentified colleague reports that the lessons are highly entertaining, that there is maximum student-instructor interaction, that the students are clearly enjoying themselves and that they are learning English.

"An inspiration to me - thanks" reports this unidentified colleague.

M.C.

2ND BOUQUET

From the '83-'84 Annual Report of the Native Education Centre, thanks to Kay Scott and Jo Hansen, who helped the Centre a great deal in student registration and fee services.

P.L.

MICRO-COMPUTERS

It may be possible for the college to purchase a large number of micro-computers at a significant quantity discount and use some for college use and sell others to faculty for their personal use. The computer would be compatible with the IBM Personal Computer and would cost about \$3000. This price does not include a printer. There are printers at the college that can be used by faculty to print documents from diskettes produced by a compatible computer.

If you plan to buy a similar micro-computer in the near future and would be interested in the possibility of a bulk purchase, please send me a note at the VCC computer centre at Langara.

PENNY PINCHING COLUMN

To the colleague who raised the question about the illumination factor in classrooms, offices, etc.....this matter has been turned over to Jim Humble for his attention. Many thanks for the points raised.
