COFFEE AT 3 ON THURSDAY, THE 9TH

Last Christmas Roger Ofield suggested informal meetings of faculty, staff and administrators on appropriate occasions other than at Christmas. Remember? On Thursday, May 9th, I'm having coffee at three in the afternoon in the faculty lounge; the deans and I will be discussing a number of items that may be of interest: budget allocations, tuition and other fees, financial aide for students, early retirement, and there may be others. Come and join us if you're interested.

INTERNATIONAL EDUCATION - HONG KONG PROJECT

If you have any students, previously residents of Hong Kong, please provide them with the following information, which they can forward to interested friends/relations in Hong Kong. The programs are not a part of our regular offerings, but are cost recoverable. The "High School Completion" (Grades 11 & 12) program is in fact our College Foundations Program with College Preparatory English (English 098 and 099) substituted for Canadian Viewpoints 081 & 091.

The "University Program" will be given at our Langara Campus.

Thank you in anticipation.

BRUCE CLAUSEN

Bruce Clausen will be leaving us at the end of this term, and will be moving to Ottawa.

He is a classical scholar (Greek and Latin) who opted for a musical life both as a guitar player and as a teacher. He is fluent both as a performer and as a teacher in nearly all areas of music. He is well known as a classical guitar recitalist and soloist, and is equally in demand in the studios or as a jazz guitarist.

Since 1974, Bruce has been the mainstay and anchor of the Jazz and Commercial Program, simultaneously teaching our classical guitar students. His impeccable musical taste and knowledge of many styles of music have been transmitted to his students, many of whom are now professional performers. In the classroom, he has a style of teaching which is both logical and clear, and which reflects his love for, and knowledge of, the subject matter.

The highly successful concept of the Performance Techniques class was initiated by Bruce, and he has been a member of, or has chaired, faculty committees each year throughout his tenure as a faculty member. His abilities are such that I could not envision replacing him with a single individual. I have little doubt that he will find a varied, rewarding musical life in Ottawa, but his departure will leave a large void in our Department.

He has been a wonderful teacher, performer and scholar, dedicated to his students, and loyal to the College.

He is respected and liked by his colleagues and has had the admiration and gratitude of many students over the last eleven years. We all will miss him greatly.

Thank you Bruce for all your contributions to musical excellence at King Edward Campus.

Thank you again for your efforts on this project.

NEW DUPLICATING STRUCTURE

As endorsed by C.E.C. the College duplicating facilities have been re-structured. Effective April 1, 1985 these areas became the budget and organizational responsibilities of the Purchasing Manager.

A centralized facility located on level 'R' at K.E.C. is being arranged to provide services to K.E.C., V.V.I. and Central Administration. A satellite operation is being organized at Langara. Bev Nichols has been transferred and is now working at the K.E.C. location. She will supervise both operations and reports to the Purchasing Manager.

K.E.C. DUPLICATING

There will only be a few minor changes to the current method that K.E.C. utilizes.

- i.e. - All K.E.C. duplicating requests will still flow through Dorothy Moutter's Department and must have her or her delegates approval prior to being actioned.
- A new location for pick-up of finished goods is being organized. (App. 50' from existing area)
- The 'spirit duplicator' will be relocated to the new finished goods area.
- Access to the finished goods area will be available as you require.
- A new form endorsed by K.E.C. will be introduced.

I hope this information will be of some assistance in calming any fears you may have had with the current activity in the duplicating room. As this re-organization evolves, I will attempt to keep you all informed. At this time, please allow me to express my thanks for your patience, understanding and co-operation.

Purchasing Manager
