AWARDS

Two King Edwardians were singled out this week for recognition by the Lower Mainland United Way organization; each received the United Way's "Community Service Award": Myrna Redman, our United Way coordinator last fall, for having spear-headed the very successful fund-raising campaign at KEC, and David Greenall for his part in raising community awareness and for "the fine canvassing work that he has been doing for the past years."

In addition, an "Award of Merit (was)" presented to King Edward Campus, Vancouver Community College in recognition of your significant increase in contributions to the United Way." Our award of merit qualified for the blue seal, United Way's recognition of an increase in donations exceeding 20% over the previous year.

TO ALL COLLEGE EMPLOYEES

It's time to take a good look at ourselves -- time to take stock, to see where we have been and where we are going; time to see what we are doing and what we can improve on.

We all do it from time to time in life and a college is no different.

In the case of the college, we have a formal name for it, "Institutional Evaluation Self-Study", and a definite time is set aside to do it -- the next ten months. There is a formal process along with responsibility for making it happen -- the Institutional Evaluation Steering Committee, chaired by Hans Rerup, Principal of the V.V.I.

The steering committee has had a couple of meetings and decided to ask you to contribute to the list of issues which the College should be considering evaluating our performance and our prospects.

We already have a process in place to look at the programs we offer and the ways we deliver them; and we will be looking at the functions and services which support those programs. But are there other, broader issues, concerns, possibilities, dreams that you have for your college but that do not relate directly to specific programs or services?

The committee has decided to ask for a little help. This month all employees will be sent a survey form listing some issues and asking if they are the issues you want us to deal with. The list is open-ended so you can add any we leave out but which you feel are important. Similar surveys are being sent to other members of the community to make sure we are on the same track as the people we serve.

All of this should be completed by the end of June. Then sub-committees or task forces will tackle the major issues and a combined draft report submitted to all of you by the end of October for review, discussion and reaction.

From this will come a final report; a visit, examination and report from an external team; to verify the findings of the report and a full report forwarded to the Ministry of Education.

Finally, will come implementation of the recommendations, the action plans.

All of this projection into the future is based on the picture we get of ourselves at the present, this month. If we all jump in, give our perspective, the view will be more complete, more accurate and so will be our direction for the future.

Speak up. The reward will be a more effective college: a better place to work, a better place to learn.

Steering Committee

SUMMER HOURS

LIBRARY NEWS

Summer and vacation time is once more upon us, and as in previous years the KEC Library will not open for evening service during July and August. During July and August, library hours will be:

Monday to Thursday	9.00 to 17.00
Friday	9.00 to 16.30

Normal PERIODICAL ROUTING will also be suspended during the summer period. If you wish to continue to receive titles until the end of August, would you please contact Florence or drop her a note to that effect.

All normal services will be resumed in September. Have a good summer!
