1985 November 07

INSTITUTIONAL EVALUATION AND SELF-STUDY

In June, 1985 a one sheet questionnaire was distributed in which you were invited to express your concerns as far as our College is concerned. This month you, your students and members of the Program Advisory Committees are being given an opportunity to elaborate on these concerns, and, for some, to express them for the first time.

Seven sub-committees have worked for months now refining their areas of concern, and, as a consequence of pooling them, questionnaires have been prepared. On Wednesday, November 13, we will distribute a questionnaire to each employee. If you do not receive a copy by Friday, November 15, please pick one up from Mrs. Redman in the Dean of Instruction's office. It is estimated that it will take you about half an hour to complete the questionnaire. I know that it is lengthy, but the time spent on it will be time well spent. Your whole working environment could change as a result of your deliberations.

During the week of November 18, the student questionnaire will be distributed, the actual logistics being determined in collaboration with your division chairman. Where English is either a second language or an area of low comprehension for your students, please treat the questionnaire completion as an in-class exercise. Interpretation may be required.

Your anticipated cooperation in this project is much appreciated.
