COLLEGE BOARD MEETING

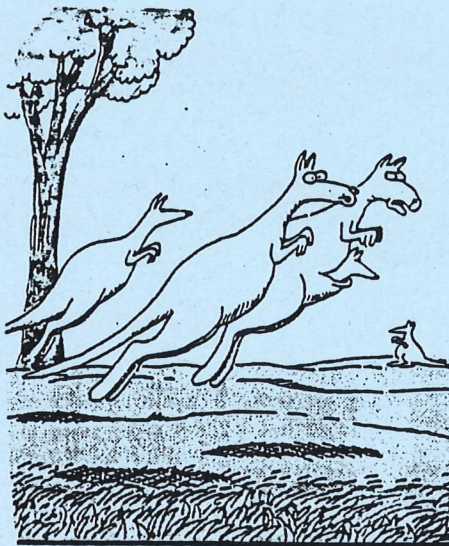

The November meeting of the VCC Board met Wednesday evening, November 27th.

A copy of the President's Report to the Board has been placed in the KEC Library for the information of those interested. In addition to the printed report, the President reported that the "VCC Training Profile" for 1986/87 - from the Ministry's perspective - is on its way to Vancouver; Mr. Gallagher expects to receive the figures in a day or two. Also, the President reported that this year's United Way campaign at VCC realized a total of \$25,274.72 - more than \$1500 over the goal that had been set in September for this year's campaign. (The full report appears elsewhere in today's issue.)

Reports from the several Board Committees were discussed and appropriate action was taken. The substance of the reports from the Committees is included with the documentation accompanying the agenda, a copy of which has been placed in the Library as well.

Under new business, the Board ratified a number of TFC's and STP's, two of which were TFC's for English Language Training at KEC.

IT IS NOT TOO LATE ...

to help to make Vancouver Community College a better place where students can learn and we can work. If you have not completed your Institutional Evaluation and Self-Study Questionnaire, please complete it and hand it to Myrna Redman with the minimum delay. On the other hand, if you have completed the questionnaire, we thank you very much as we do for your assistance with the Student Questionnaire.

MAPS AT LARGE!!

The wall maps, which have been hanging around somewhere for about 185 years, are now attractively mounted in a dim place in the library. Come under the stairs and choose what you want from a wide variety of dust-gathering examples of the cartographer's art.

WE ARE PLEASED TO ANNOUNCE ...

that Dr. Tony Sehon (psychiatrist) has joined the K.E.C. Student Health Service. Tony has been providing psychiatric services at the V.V.I. Student Health Service for some time and will now be here, at K.E.C., on Wednesday evenings. Referrals to the psychiatrist can be made through the Student Health Service (Dr. G. Burns or Pauline Reaburn, Loc. 209) or through a counsellor. Dr. Bill Price is still with us; but on Tuesday mornings now. Welcome Tony!

Graham Burns M.D.

STUDENT VOLUNTEERS

I would like to thank the instructors who assisted in recruiting student volunteers to do interpretation. These students are asked to interpret at small group orientations and occasionally during medical or counselling sessions (preferably around class time).

We still require at least one more Vietnamese, Cambodian and several Chinese speaking volunteers. By having several volunteers from each group, we would not have to regularly call upon the same students.

L.Herlick, Counselling

GOOD HEALTH MEN!

My congratulations go out to the Diesel Department. During the past twelve months the five instructors used only one day of sick leave between them. (They must be living right). Their excellent health is the envy of us all. These too are the instructors who live with diesel fumes day in - day out.

ON BEING GOOD NEIGHBOURS

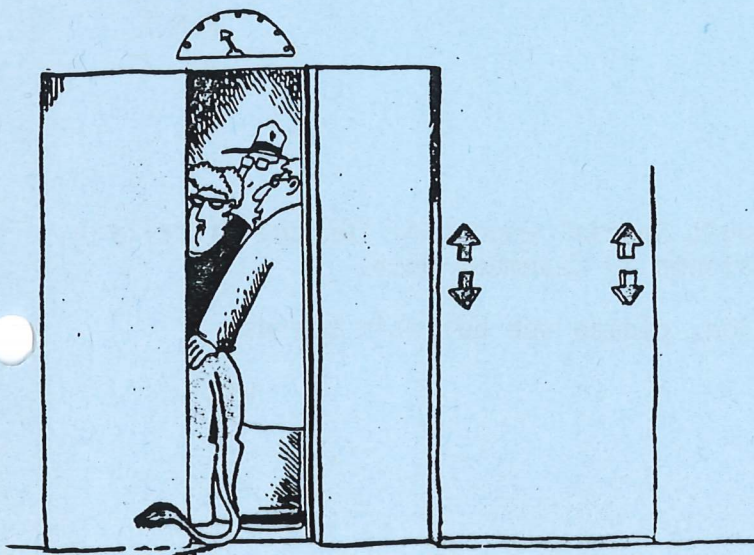

On Tuesday, the owner/proprietress of the store at 1035 East Broadway phoned me and complained - in a very gentle sort of way - that, because members of our faculty and staff and, in all likelihood, some students as well, are parking their cars on a regular basis in the ten-hundred block in front of her store, she is losing more and more of her customers because they can't find parking spaces for their cars.

At the time of the public hearing respecting the re-zoning of the property on which we're located, neighbours expressed their reservations about our coming here because they were anxious of the increased number of cars that would be parked on their streets. Our planners assured the residents and council members that there would be ample off-street parking - and there is.

Let's be good neighbours and park our cars in the parking lot. Many do. Would the others do the same please?

Please draw this request to the attention of your students. Thank you.

REQUESTS FOR MUSIC PERFORMANCES

This is the time of year when the Music Department starts to receive numerous requests for performances; concerts, christmas sing-a-longs, ceremonies, etc.

In an effort to fill as many requests as we can, we have put a new system in place to maintain a sense of order.

Included with your copy of the Times, is a Performance Request Form. If you wish to request a performance of some nature, please have all the information ready before you call us - it will cut down the amount of time we spend on the phone handling requests. A few further notes regarding Music Department performances:

1. Give us as much lead time as you possibly can. Students sometimes must miss classes and need to make appropriate arrangements in advance. We also need time to find students to perform.
2. Don't be upset if we cannot fill your requests all the time. There are times during the school term when our students are very busy and simply can't perform. At this time of year particularly, we are swamped - somewhere in the neighbourhood of fifteen to twenty requests per day. We will do our best to accommodate you though.
3. Please don't be offended when we ask you if you are planning to pay a fee, an honorarium, or make a donation to the VCC Education Foundation. While our students do not expect to get paid, they would certainly appreciate the fact that their efforts weren't taken for granted. Particularly when performances are off-campus, gas money is greatly appreciated.

In short, our students love to perform, and we will do the best we can in meeting all the needs. So far in 1985 V.C.C. music students have performed over 500 concerts.

Don't forget, you can hear them any and every Wednesday at noon during the school year - in the Auditorium.
