IN MEMORY

Dean H. Goard, founding principal of Vancouver Vocational Institute, British Columbia's first post-secondary vocational school, died last weekend after a period of illness and failing health.

It was largely at the behest of Dean Goard - and other men of vision like him - that vocational training came into its own in this province in the 1950s and '60s. Mr. Goard was a practical visionary and, as such, he was held in high regard by those who worked with him at the VVI, within the College and within the provincial post-secondary educational system. Indeed, for many, he was the dean of vocational training for our province. He retired about ten years ago from BCIT, where he had served as the Institute's second president. Following his retirement, Mr. Goard again became involved with VCC until a few years ago in that he provided expert advice to employees who were considering and planning for their retirement.

Memorial services for Dean Goard were held yesterday afternoon; many of his friends and colleagues were present.

Condolences have been expressed to Mrs. Goard and the family.

UNCLAIMED RECEIPT

We've received a receipt for \$83.15 from the Vancouver Food Bank and, so far, we've not been able to identify the genesis of the donation that was made. The receipt is made out to KEC-VCC.

If the receipt should have gone to you - or your department - you may pick it up from my secretary, Mrs. Akin.

STUDENT INFORMATION AND EVALUATION

Welcome back. We have an interesting and challenging year ahead.

As you meet your new class(es) your students are very curious, and often very concerned, as to the criteria by which you decide how grades, if applicable, are awarded; or how you decide as to whether or not they are to progress to the next level at the end of the course. (Students earn the grades that you award!)

You must give them this information, preferably in writing, when first you meet each class, and repeat it from time to time. (It is still not too late for this term.)

At the same time, you must advise your students as to the general objectives of the course/program--what it is that they will have to do to be successful. It may be that on learning the general objectives, they will wish to transfer to courses which more appropriately meet their needs.

As an instructor, you have the responsibility of ensuring that the objectives of each course/program in which you are involved are consistent with the objectives of the College and of the program. If you have any doubts about these objectives, please discuss them with your department head.

Although many students receive assessments before registering, the assessment process is not foolproof. If you find that some of your students have been inappropriately placed, please advise your coordinator or department head as early as is possible so that transfers may be made.

At all times, the student must be made aware of progress being made so that the final grade will not come as a surprise. That most instructors do this is apparent, as there was only one grade appeal made for the September-December period. Please inform your students of the grade appeal procedure.

Also ensure that aspects of your instruction provide sufficient challenge to each individual you teach.

Keep your students aware of the support services available to supplement classroom activities, particularly the: Learning Centre, Counselling Career Centre, Counselling Services, Health Services and the Cafeteria.

If you become aware of any student having serious learning difficulties, please inform your division's IEPA (Individualized Education Program for Adults) representative.

Enrolment is down in some classes this term and you may find that there has to be consolidation and changes in scheduling. Your efforts in handling such a situation are much appreciated by both students and administrators.

The responsibility for maintaining a high quality of learning opportunities is yours--it is the least of your students' expectations. I have every confidence that you, as an individual, will meet or even surpass all expectations.

Have a challenging, interesting and rewarding year!

WE ARE STILL ENHANCING

After some time and thought to your ideas and one or two trial runs, we are starting to make some permanent changes. These will, hopefully, make lunch and coffee a little more relaxed. For now we have a start with more to come. One idea that is not planned for implementation is a lesson or course on neatness/cleanliness. If anyone is willing to plan such a course, please feel free to go ahead. It's obvious that some still need a lesson.

Some of the changes -

You may have noticed some lights out in the lounge - this is intentional. The set up of the furniture is intended to stay that way - please do not shuffle it around. If you do need a special set up, contact Jim Humble to get assistance and/or permission.

Smoking is restricted to the couches and tables on the west side of the lounge. The couches on the east side are for non-smokers (likewise with the balance of tables).

Other plans in the works -

Plants are on the way - Planters are waiting for quotes (along with some minor renovations). Picnic tables and benches are being looked at right now, but until the price comes in, we won't know what we can get.

Some long term plans -

Replace the carpet when it wears out, with appropriate tile. Painting/Pictures for walls. Round tables in place of some of the square ones.

Other ideas -

We are still open to ideas - good or bad. Please jot your idea down and pass it on to Roger Ofield or Steve Baker.

1975 MUSTANG LOTTERY

The "kick-off" ceremony for our fund-raising drive for financial aid funds for our students is scheduled for tomorrow, Friday, January 10th at 12 o'clock noon in the plaza on level two. The plaza is large enough to accommodate many - and I hope that many will attend.

Howard Carter of Carter Pontiac Buick Ltd. donated the Mustang; our instructors and students in the automotive trades training programs restored the car to "like new" condition - and it's been restored beautifully - and Langara instructor Keith Murray and some of his students in the Marketing and Sales program have assumed responsibility for promotion, publicity and ticket sales, etc. The joint involvement of many is recognized and really appreciated.

While ticket sales on campus are already underway - at the Security Office and Bookstore on level two and the Information Centre on level four - we are hoping that all of you will be purchasing tickets and/or selling tickets to your friends, associates, students, etc.

(Next week you'll be receiving a letter and a book of eleven tickets; tickets are \$2 each or \$20 for the book of 11. Please encourage your students, friends and associates to buy their tickets from you. The cause is worthy and your support is needed and appreciated.)
