COLLEGE BOARD MEETING

The VCC Board met in regular session yesterday evening, Wednesday, January 22nd.

The President's Report to the Board had been distributed prior to the meeting. As an addition to the report - a copy of which is in the KEC Library for your information - Mr. Gallagher mentioned the appointment of VVI Principal Hans Rerup to two civic advisory groups: the Economic Development Committee and the Victory Square Renovation Task Force. The President also announced the appointment of the College's Director of Contract Development, Tom Toulson, to the Canadian Job Strategies Advisory Council.

Dr. Chapman reported on behalf of B.C.A.C. and a visitor, the president of that body, Rev. Walter Donald, addressed the Board respecting B.C.A.C. concerns.

Mrs. Miller reported on behalf of the Administration Committee of the Board and of significance to KEC was the approval of the Board to a KEC Student Advisory Committee initiative respecting the use of excess parking space in the KEC parking lots during Expo '86, revenues therefrom being designated for student financial aid.

Dr. Chapman reported for the Education and Student Services Committee; of significance in that report was the 1986/87 program profile and plan for VCC and the Board's approval thereof.

President Gallagher reported briefly on discussions that have taken place - at the senior administration level - with Capilano College on how VCC and Capilano can work together. The small joint committee is still at the talking stage; Mr. Gallagher will report as developments take place.

A copy of the minutes of the meeting of November 27th, the agenda for yesterday's meeting along with the background material and the President's report are in the library for your perusal.

During the private session of the Board, amongst other items, the collective agreements with the Langara Faculty Association and the VMREU were approved.

PIONEER EDUCATOR DIES

It was with great sadness that Vancouver Community College noted the passing of Dean H. Goard on January 5. He was a pioneer in B.C. education. Goard was the founding principal of the college's Vancouver Vocational Institute in 1949, a position he held for 12 years. He became principal of the B.C. Institute of Technology in 1967, retiring from that position in 1974.

GENEROUS GENSTAR

The electrical department at Vancouver Vocational Institute was recently given a three generator paralleling switchboard and distribution system by North Vancouver's Genstar Shipyards. The equipment will play an important role in student training. The equipment students used previously was so antiquated replacement parts were impossible to get. The purchase of new equipment would have cost the college more than \$20,000, so this gift came at a particularly good time.

COOKING THE JEWISH WAY

In six sessions, Monday evenings, 7 to 9 p.m., you can learn the secrets of everything from matzo balls to blintzes. This course starts February 10 and is given in association with the Jewish Community Centre. The cost is \$60. For more information call 324-5322.

Calendar Sale!!

Now that we are into 1986 the Bookstore is offering calendars at 30% (and 10% staff discount) off the marked prices. We still have a variety of styles and designs, but in limited quantities. Also available at these reduced prices, are pocket memo books.

Speaking of 1986, a reminder the Bookstore carries a number of official Expo 86 souvenirs and products. Watch for specials on individual products as Expo 86 opening day gets closer. As usual, the staff discount allows for savings not available elsewhere.

Valentine's Day

This special day is just over 3 weeks away! The Bookstore has a wonderful assortment of cards for that special person in your life.

WATCH FOR MARCH MADNESS AT THE
BOOKSTORE!!

Department Heads

March 31 (year-end) is just around the corner, especially when it comes to ordering books. Those departments with funds remaining in their book budgets, should endeavor to submit requisitions for books to the Bookstore as soon as possible! A reminder that goods must be on campus by the 31st of March to be included in the current fiscal year.

1975 FORD MUSTANG LOTTERY

I've been amazed at how quickly books of ticket stubs for the lottery - and the money, of course - have been turned in to Shirley Girvan. Quite a few members of faculty and staff have requested additional books; I was told of one instructor who had already sold 80 tickets. I really appreciate the enthusiastic support being given to this venture to raise money for financial assistance for students. Many thanks.

Some members of the KEC family may have difficulty selling the tickets and are not particularly keen on purchasing the tickets themselves. If that's the case, please return the unsold tickets, as well as the stubs and money for those that were sold, to Mrs. Girvan. She will check your name against her list of the numbered books and put the remaining tickets back into circulation. Our hopes and expectations are that all of the tickets will be sold and, to accomplish that, the tickets must be available to the potential buyers.

It's a very attractive little car. One of us has to win it. It could be you.

H.E.P.

ABSENCE FROM CAMPUS

During my absence from campus (January 23 and 24th) routine matters should be referred to Shirley Girvan's desk. Matters of greater consequence should be referred to the office of the Principal, Mr. H.E. Pankratz.
