VOLUME XII. No. 15

1986 July 10

RECEIVED JUL 11 1986

## BOARD AND COMMITTEE

On behalf of the Chairman, this is to advise you that there is not sufficient business to warrant a Board meeting in July. Accordingly the meeting scheduled for July 23 has been cancelled.

The Education and Student Services Committee will be meeting as scheduled on July 9, 1986.

The Administration Committee will not be meeting at the time normally scheduled for July.

It is anticipated that Committee meetings will be held as scheduled in August and that there will be a Board meeting as scheduled on August 27, 1986.

### EMERGENCIES - SUMMER SCHEDULE

In addition to the day time schedule, there will be a first aid attendant on duty up to 8:00 p.m., Monday to Thursday. Beyond 8:00 p.m. and after 4:30 p.m. on Fridays, the 777 emergency number will be directed to a pre-set number that will give direct access to security.

V.M.

### HOUSING ACCOMMODATIONS

Postings on housing accommodations will no longer be allowed on campus. Kindly direct people to the Information Centre on the 4th level to have their advertisement entered in our housing registry book. This way, we can centralize this type of information and help get rid, if not minimize, the over-crowding of tacky postings on the campus' bulletin boards.

V.M.

### ON VACATION

I will be on vacation from July 14th to August 22nd. During my absence Jane McCourt can be contacted for information on matters regarding the Neighbourhood English Department. Maureen Nurse or Ann Hinkle can be contacted for matters pertaining to Homefront Learning.

### INFORMATION ITEM

#### KEC Calendar (Program Contents)

The format of the 1985/86 KEC Calendar is made up of a series of Program Content Guides. The Program Content Guide can be used as an individual brochure.

The Counselling Career Centre staff is distributing the information to students and various institutes and colleges as in the past. However, if you need a large supply of your individual Program Content Guide for distribution please leave the request in my mail box allowing a minimum of two weeks. Wherever possible a longer period of time would be appreciated. We do not plan on keeping massive supplies on hand as the whole purpose behind the change in the calendar format is to be able to update the content twice yearly (April and November), thereby keeping our information current. Please give some thought to your requirements and allow sufficient time for the process to move along smoothly rather than operating in a "Crisis Management" mode.

## THE NEGLECTED MAJORITY

### Images About Learning Become Barriers to Excellence

One of the tremendous problems we must overcome in addressing individual differences in education is failing to separate the images from the realities. These inaccurate pictures in the head about learning, as related to individual differences, continue to present imposing barriers to achieving excellence in education. The following images must be separated from the realities before significant progress can be made in the movement toward excellence.

Images	Reality
1. Students all learn at approximately the same rate of speed.	1. There are vast individual differences among students of any age in speed of learning and comprehension of knowledge.
2. All students learn the basic skills by completion of the elementary grades.	2. Development of basic skills must be placed upon a continuum of learning with students arriving at different points at different times. Excellence in education requires breaking the lockstep of arbitrary time requirements for learning.
3. Students who fail to achieve in school either do not want to learn or are unable to learn.	3. Research suggests that given adequate time for learning, and favorable learning conditions, ninety-five percent of students can achieve mastery of any basic skill.
4. The traditional textbook and lecture method of instruction is the most effective method of teaching for most students.	4. Some students learn rapidly by one method of instruction and more slowly under a different approach. However, after fifteen years of experimentation and experience in more than 3,000 schools, mastery teaching-learning appears consistently more effective than traditional instruction.
5. Real excellence can only be found among those students and programs related to pursuance of a baccalaureate degree.	5. Every high-school and college program must develop standards of excellence. Excellence is just as important to the aircraft technician as to the engineer. The notion of excellence must be extended to every course and each student.

The above is taken from The Neglected Majority, by Dale Parnell and this excellent book would be of interest to all faculty.

## INSTRUCTOR'S DIPLOMA PROGRAM

# completion workshop!

As of September 1, 1986 the Centre for Continuing Education, UBC, will be transferring administration of the INSTRUCTOR'S DIPLOMA PROGRAM to a new host.

It is imperative that anyone who has paid fees, attended a course but has not obtained successful completion status, DO SO BY AUGUST 31, 1986. This only applies to individual courses in which you may be incomplete. Your participation in the Program in general WILL BE TRANSFERRED intact, to the new host. But students who are incomplete in courses MAY have to re-enrol, pay fees again, or both, in order to obtain successful completion status with the new host.

The following schedule of Completion Workshops are therefore offered as a final opportunity for anyone wishing to complete their Major Assignments.

INSTRUCTOR'S DIPLOMA PROGRAM

# summer session!

THERE IS STILL ROOM IN EVERY COURSE being offered by UBC during Summer Session. Three courses are offered and each one is available at two separate times. It is also possible to take all three courses consecutively.

When the new host takes over, there could be an increase in fees. Enrolment in any course offered this summer at UBC is still \$249.00.

Remember that enrolment in a course this summer obligates you to achieve successful completion by August 31, 1986, but summer COURSES HAVE BEEN AMMENDED to promote in-class completion or soon thereafter.

See you at Summer Session!

### THE BORA LASKIN NATIONAL FELLOWSHIP IN HUMAN RIGHTS

The Bora Laskin National Fellowship in Human Rights Research is awarded annually by the Secretary of State to encourage multidisciplinary and/or interdisciplinary research and the development of expertise in the field of human rights. The research to be performed should emphasize themes and issues relevant to the appreciation and enjoyment of human rights in Canada. The first fellowship was awarded to Professor Douglas Sanders for the academic year 1985-86. The winner for the 1986-87 academic year is Professor Peter A. Cumming of Osgoode Hall Law School, York University.

A campaign is now underway to attract applicants for next year's fellowship. The deadline for applications is October 1, 1986.

If you are interested in applying, please contact Bob Gauthier for further information.
