STUDENT CENSUS:

You may remember that twice before, in February, 1978 and February, 1983, we ran a comprehensive student "census". It is that time again! In all, we hope to survey 21,000 V.C.C. students. From this census and its predecessors we will get a good profile of our students over ten years. To do so requires an imposition upon you and your students.

On the morning of Monday 1988 March 07 (next Monday) most instructors will find in their mail boxes a bundle of 40 census forms, together with an instruction sheet. In summary, you will be asked:

PLEASE:

- Administer the census to the first class you meet on Monday, 1988 March 07.
- ...but only to those students who did not complete the census in an earlier class.
- In each class subsequent to your first on Monday, through and including Tuesday evening, have the census form completed by the students who have not yet done so.
- An additional supply of forms will be available in the mail room.
- Return completed forms to a box which will be in the mail room.
- Return unused surplus forms to the "additional supply" table in the mail room.

SCORE SHEET
DROP-OFF

Personal score sheets must be dropped off at your campus bookstore by 12 noon, March 11.

Teams should have their score sheets into their team captain/departmental representative even earlier so that the captain can tabulate the team score.

Captains, please turn in all score sheets with a cover sheet giving team score. Staple all sheets together.

Team score = total of personal points and departmental challenge points. The cover sheet should give number of participants and total number of employees in department, so that a participation percentage can be calculated.

If you really want to help with the math multiply your team score by the participation percentage.

REMEMBER Deadline is 12 noon, March 11 at your campus bookstore.

Thanks!

WEDNESDAY NOON-HOUR RECITALS:

Remember to bring your lunch next week, and enjoy a variety of performers, from a Piano Duo to Country Rock. We will be leaving short breaks between performances to allow people who don't have a full hour to come and go, and to rustle around their brown bag to find the apple at the bottom.

Come and hear this city's up and coming talent. I'm sure you'll be pleasantly surprised.

NEWS FLASH - KEC COUNSELLING DEPARTMENT TOP CONTENDER IN THE
V.C.C. WINTER TUNE-UP:

Every now and then you come into contact with a truly unusual group of people who are outstanding in every way. The KEC Counselling Department is such a group. Not only have they accepted challenges from the President's Office and the VVI Counselling Department but they have also issued challenges to the KEC Math, Financial Aid, Diesel, Auto Body and Auto Mechanics Departments, and to the Fifth Floor Accounts Payable, Human Resources and Building and Grounds Departments.

Rumour has it that Paul Gallagher is prepared to give up smoking and begin a running program under the direction of Max Fleming to help his staff compete against what is clearly and evidently a superior team.

Wayne Matthewson in Purchasing is so upset about the Counselling Department challenge that he has been threatening a member of the department with "rocks and brooms" if they don't "cut the ice".

"Bonnie and Dale" of Human Resources fame are importing "ringers" from outside mobs to replace certain individuals in their family who used to be active but are now more sedetary and maybe a liability to the team.

As a completely unliaised observer and correspondent all I can say to these "wishful wimps" is good luck. You are certainly going to need it.
