THANK YOU - TO ALL BLOOD DONORS:

Miriam Thompson of the Red Cross described our Blood Donor Clinic on 1988 March 02 as "just wonderful". One hundred forty donors attended. Many thanks to each one - and my special thanks to the beleaguered staff in Admissions and Records who endured the noise!

INTERCAMPUS WOMEN'S NETWORK:

The second intercampus Women's Network get-together was held on February 23, 1988 at King Edward Campus. Approximately 30 women from K.E.C., V.V.I. and Langara enjoyed dinner and a panel discussion. Our speaker, Pat Davitt from V.M.R.E.U., spoke on equal pay for work of equal value. Her emphasis was on support staff workers. The other speaker, Carol McCandless from the Status of Women Committee of C.E.I.A., spoke on affirmative action and the status of women students and faculty at community colleges. An interesting discussion followed. It was terrific to meet and socialize with women from all the campuses. The next event will be at Langara. Look for notices and hope to see you there.

CHINESE FILMS DONATION - M. Epp

Vancouver Community College has been honoured with a gift of 57 Chinese feature films from the classic period of Asian film production during the 1940's and 50's.

The films were donated by Mr. Wai Sum Lai, now living in Ontario. His father, Mr. Quing Ling Lai, acquired the films and their distribution rights when he was a film distributor in Hong Kong. Now residing in Vancouver, Mr. Quing Ying Lai was a student at School Canadiana, a branch of the King Edward Campus' English as a Second Language Division.

The film collection is an invaluable resource for film study, as well as Chinese cultural and literature study. The collection includes comedies, love stories, and adaptations of famous Chinese stories. In addition, there is a series on a popular "kung fu" character derived from story books on the martial arts. Some of the films have English sub-titles. Although many of the films are in black and white (16 mm), there are also 10 colour films.

The Library has a number of tasks to complete before the film collection will be ready for use. Each film will be inspected, cleaned, and repaired if necessary. The Library is also investigating the process of making a preservation copy in videotape format, as well as a circulating videotape copy.

Since some of the films are in cinemascope format, these will need to be transferred to videotape for educational use.

The final process includes cataloguing, labelling, and packaging of the films and tapes for use.

When the procedures for preservation and listing are completed, the college will publicize the collection to the community.

WEDNESDAY NOON-HOUR RECITALS:

Remember to bring your lunch next week, and enjoy this city's up and coming talent. We will be leaving short breaks between performances to allow people who don't have a full hour to come and go, and to rustle around their brown bag to find the orange at the bottom.

This week we will feature a tuba and piano duet, swing group, fusion, pop and rock, and original compositions.
