## FIRE DRILLS:

During the evening of 1988 March 17, a fire drill was conducted on campus as part of our regular efforts to comply with the regulations of the Vancouver Fire Department and to ensure as much as possible the safety of our faculty, staff, and students.

Since it is of the utmost importance to have the cooperation of everyone during a necessary evacuation of the building, I must ask you to note the following about the March 17 drill:

1. Students and instructor in Room 3160 did not evacuate.
2. Students and instructor in Room 3184 did not evacuate.
3. The cafeteria was not evacuated.
4. The third floor generally was slow in evacuating except for the west wing and the Humanities area. (north wing)
5. The second floor (north, east, centre wings) evacuated within four minutes. The evacuation was done in an efficient and orderly manner and the personnel in these areas were checking all classrooms, offices and washrooms to insure that nobody was left behind.
6. The all clear signal was not heard in the receiving area.
7. Students were not clearing the outside areas of the campus and were congesting the plaza areas and walkways.

These comments from our Building Services Manager indicate that we need to improve our evacuation of the building. Please, for the safety of all, do your best to help clear the building quickly and completely when the alarm sounds.

Leslie works in the Medical Office Careers Dept. at VVI. She requested that the Lottery issue her a \$1,000.00 "before I go crazy in the stores".

Special thanks to Mike Bekenn and Deb Palmer for their great help!

There's still time to get in on the action and have a one in 225 chance each week of winning \$1,000.00. Help to boost the Educational Foundation's Endowment Fund for Student Aid ... and boost your bank account at the same time! Contact local 329 for subscription forms.

NAMES IN THE NEWS DEPARTMENT:

Last Wednesday morning, Peter Taylor, Director of V.C.C.'s Jazz Choir, Soundwave, received a phone call from Phoenix Recording Studio, inquiring if he might be interested in bringing the group in to the studio to sing some 'back-up vocals' for a record project the studio was working on. No names given, just the request.

On Friday morning, a phone call to confirm whether the choir could do the job on Sunday evening at 6:00 p.m. Peter checked with the College to make sure there were no problems, and then confirmed.

The group went into the studio Sunday evening, spent three hours working on the music, and another two with the soloist talking about music in general, and their work in particular. During the course of the conversation, the singer was full of praise for the musicianship of the students, the quality of their work, and the professional manner in which they conducted themselves.

They left the studio feeling pretty good about themselves, and also armed with knowledge they would be heard on a record singing with John Denver.
