ACC AND C-PAC

The Association of Canadian Community Colleges (ACCC) has identified five key issues to promote through advocacy efforts in 1988/1989. In order of priority established by the six ACCC regions across Canada, they are: 1. Adult Literacy; 2. Accessibility; 3. Free Trade; 4. Science and Technology; and 5. Canadian Jobs Strategy (apprenticeship). Literacy remains the number one focus for the second straight year.

In order to advise the ACCC Board, there are two committees: the Canadian Program Advisory Committee (C-PAC) and the International Program Advisory Committee (I-PAC). Both these committees have regional representation as well as special expertise representation for consultation. C-PAC where I have been elected to serve representing BC/Yukon, has 17 members from all across Canada's colleges, CEGEP's and institutes.

At this week's meetings on September 23 and 24, the C-PAC agenda will cover (1) the ACCC Conference Strategy; (2) Literacy; (3) Research; (4) Student Needs; (5) Member Service Strategy; (6) Professional Development; (7) Review of Awards Program; (8) Inter-college Communications (data base) as well as ACCC matters.

I will circulate some ACCC materials on behalf of adult literacy to the three Division chairs. If anyone has comments for me to bring to the C-PAC meeting on any of the eight agenda items above, I would be happy to hear from you.

To note: there will be regional ACCC consultation with BC/Yukon colleges on October 27 and 28 at the OLA in Richmond. Anyone can attend this meeting. More on this consultation in future issues.
