## NEW WORKSHOP SERIES

**Introduction to College Studies: Becoming a Master Student** will be offered for the first time this fall. The intended outcome: students who demonstrate increased responsibility, eagerness to learn and participate, skill in getting their needs met at the college and likelihood of staying to take more courses.

The "Master Student" workshops have been incubating for two years, with the assistance of a Ministry grant and many discussions with colleagues at conferences, workshops and meetings. The workshops represent a part of what seems to be a movement across North America toward general education addressing college success through a combination of life skills and study skills.

The workshop series is being offered free, as follows:

### Master Student I (12 sessions):

M and W: 12:30 - 2:20	Room 3288	September 11 - October 23
M and W: 8:30 - 10:20	Room 3244	October 25- December 06

### Master Student II (10 sessions):

## NEWS FROM FINANCIAL AID

### **I. Good News for Disabled Students!**

The funding Ministry has responded positively to our recommendation to make the newly introduced Forgivable Loan Program available to disabled students carrying less than a full load for studies.

Several disabled students taking less than three College Foundations courses at grade 11 or 12 level, for instance, may now apply for forgivable loans of up to \$10,000 a year to cover disability related expenses such as special computer equipment, transportation and restorative devices. Applications are to be submitted through the Special Needs Counsellor. For general information please call Zinnet at Local 720.

### **II. ABESAP Applications for Coming Term**

The Financial Aid Office will be open at 8:30 a.m. instead of 10:30 a.m. on August 23, 28, and 30 to enable ABESAP applicants to pick up their vouchers for registration on the same day. In addition, the office will be open from 5:00 p.m. to 6:30 p.m. on August 15 so that evening students may hand in their applications in person.

### LEARNING CENTRE PROJECT

Congratulations to Wayne Ko, Carol Tulpar and Alison Norman who have just been appointed to Developmental Release Sections to work in the Learning Centre during Grant Kelly's Leave of Excellence. The three instructors will work as a team in cooperation with an Advisory Committee composed of faculty from across the campus to develop resources and strategies to better meet the needs of our students, to link Learning Centre activities more closely with instruction in the classroom and to make recommendations for the future development of the Learning Centre.

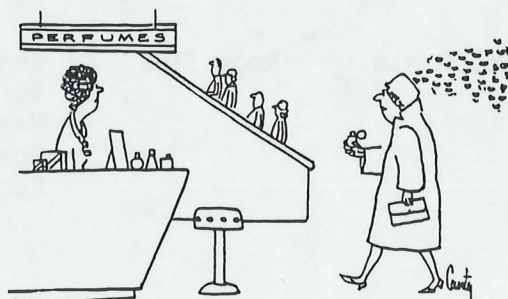

Wayne Ko has been appointed to the Math/Science Developmental Release Position. Wayne has received academic awards and graduated from the University of British Columbia in Education with a Mathematics major. Wayne is an instructor in College Foundations Mathematics and has worked for three years as a tutor in the Learning Centre and also as Coordinator of the Learning Centre.

Carol Tulpar has been appointed to one of the ESL Developmental positions. Carol is a graduate of UBC, where she completed a BA in English and a Certificate in Education. She has been teaching ESL for eleven years and has been with the College Prep English Department for the past three years. She is currently working on a student text on two-word verbs.

Alison Norman has been an ESL instructor in the community and on campus through several ESL departments at KEC. Prior to that, she spent over a decade teaching EFL in Thailand and Laos. She is presently working on a Masters Degree in Curriculum and Instruction with an emphasis on integrating the creative arts into the curriculum. Alison has spent most of her time at KEC working with pre-literate and beginners students. She is particularly interested in making the Learning Centre attractive and accessible to these students as well as to those with higher skills.

We welcome Wayne, Carol and Alison to this project and look forward to working with them in serving our students in the Learning Centre and in making plans for its future development.
