WEIGHT WATCHERS AT-WORK PROGRAM

HRD has had many enquiries as to a weight reduction program conducted on campus. As a result, a Weight Watchers representative will begin a "Pilot" 8-week program on September 21/89 at noon to 12:45 if sufficient numbers warrant. At the end of the 8 weeks, the session will simply "renew" for another period if enough people want to continue.

The cost is \$60.00 per participant, payable in advance. We will accept cash, post-dated cheque, Visa and MasterCard. If the required minimum of 25 people is not reached all money will be returned. After the second week of the program, no new members are permitted to join the class. Members who cannot attend their At-Work meeting may simply take their Attendance book and attend any other outside meeting during that week. A schedule of all locations is provided.

The meeting procedure is a weigh-in followed by a meeting of approximately 30 minutes. Employees usually eat their lunch during the meeting time.

Please return the "interest" registration below by September 15. You will receive confirmation in writing when we have the required numbers.

This program is open to all employees at King Edward Campus, Continuing Education and Central Administration.

Call Diane at local 337 if you require more information.

LIBRARY TOURS, ORIENTATIONS AND LAB SESSIONS

The library staff is looking forward to seeing as many KEC students as possible in the library this fall and we ask faculty to book their library tours as soon as possible. For more advanced students, we have developed a program for teaching library skills through the use of library labs. These self-directed labs provide hands-on experience with the microfiche, periodical indexes and the reference collection. We now have over 15 labs on topics ranging from Margaret Atwood to Ancient Greece to Regional Development. As time permits, we can create new labs, specifically tailored to class assignments, making this a very relevant exercise for the students. Unless we get snowed under, we will even mark the labs and return to you to distribute to your students!

We are flexible in introducing these labs, and can begin with a class sessions on bibliographic instruction or a brief library tour; the best approach will be worked out between the instructor and the librarian.

Please call the library reference desk (local 513) for more details, and to book either a tour or a lab session.

Bursary applications are available at both the Financial Aid Office and the Counselling Career Centre in January, May and September.
