This Christmas Carry a **LIFESAVER**

No one plans to drink & drive...But we should all plan not to.

This year, Vancouver Community College will make available two FREE LIFE-SAVER TRANSIT TICKETS to all College employees. Lifesaver tickets are good for travel by Bus, SeaBus & SkyTrain right across the Lower Mainland. Think of it as a free designated driver.

BECAUSE you are VCC, we want you back after the holidays...

To obtain your LIFESAVER TRAVEL TICKETS, phone or drop by the Employee Relations Office.

NEW LOCAL FOR THE MAILROOM

Please make a note that our mailroom clerk, Chris de Vaz, has a new local. It is now local 365. Her old local 242 now belongs exclusively to Jane Penfold, Secretary to the ABE/ESL Divisions.

THANK YOU!

To all my dear friends at KEC: Thank you for your very kind concern during my illness earlier this year. Much as I would like to, I regret that I cannot acknowledge your expressions individually. I appreciated the flowers, phone calls and visits very much. All my best to you in the New Year.

WHAT'S NEW AT THE I.C.S.C?

GRAMMATIK 111 This program will proofread your documents and check for errors in grammar, punctuation and style and for typographical errors. Some of the problems it will identify are: incomplete sentences, errors in subject-verb agreement, misspelling of possessives like its/it's, doubled words, the the, and errors like form/from. It will find redundant or wordy phrases, generate a reading analysis and provide you with some interesting facts about your writing. Once familiar with this program, you will never, never split another infinitive! It's easy to use. Bring your writing and check it out for yourself.

FINE PAPER RECYCLING AT THE V.C.C. EAST BROADWAY CAMPUS

A. PREAMBLE

As a prominent educational institution, Vancouver Community College has an obligation to provide leadership to its employees, students and the community by involving them in the vital process of recycling. Computer, presently is wasted, adding to local landfill problems. A fine paper recycling project would provide significant economic, social, and environmental returns. Other schools and government agencies have already established paper recycling projects. Our initiative directly responds to the request of the B.C. Task Force on Environmental and Economy as conveyed to Dr. Paul Gallagher in a letter of 15 February 1989.

Cooperation from the administration, faculty and staff is vital for the success of the project. Could you discuss paper recycling at the next meeting of your department or work area? A person willing to be responsible for the box or boxes in your area must be identified. Paper recycling boxes will be placed at selected deposit sites, such as xerox rooms and main office areas. The person willing to look after the recycling boxes will contact Jim Funk (local 569) to have those boxes removed, or obtain more boxes, arrange for paper pick-up, determine the suitability of the paper items, etc. Alternatively, Jim can be contacted personally Monday and Wednesday 2:30-3:30 p.m. in Room 3244 of Tuesday and Thursday 2:30-6:00 p.m. in Room 3243.

During the first phase of the project, the committee would prefer that recycle paper at the central deposit areas mentioned above. A second phase involving smaller boxes in the classrooms and offices will be considered for adoption at a later date. The smaller boxes would be emptied by instructors or staff into the large collection boxes at the central site.

The BTSD Department has already launched a pilot project, which is available for your inspection at any time.

Following discussions with another company, Golden West Document Shredding was chosen as the contractor for our project. They will pick up paper directly from the collection site - no transfer of the boxes to the company will be sporadic until they have developed a regular pick-up routine. Your patience during this phasing-in period is greatly appreciated.

B. Materials, Services, and Financial Benefits Provided by Golden West Document Shredding to the Paper Recycling Project

1. Materials and Services

(i) Boxes

- Unbleached cardboard boxes will not be supplied. After due consideration, Golden West deemed that the aesthetics of white boxes were superior to those of unbleached boxes. A more noticeable, attractive box will attract more recycled paper.
- The large cardboard boxes for collection sites are supplied free of charge. A replacement fee will be charged if these boxes are removed or damaged.
- Smaller boxes for use in classrooms and offices can be provided for a fee. Alternatively, your own box or container could be used. Duplicating and receiving sometimes have spare boxes.
- A container for recycling cardboard (wooden box - 4' X 4') can be provided for the Receivers Area.
- Provision of a box or boxes for recycling newspaper is a future possibility.

(ii) Paper

- Paper clips and staples attached to the paper to be recycled are acceptable, and do not detract from the fees to be paid for the paper. The recycling process involves removal of these items using a large magnet.
- Glue anywhere in the item and glossy coatings render the paper unusable for recycling.

Acceptable Items

white paper
white lined paper
coloured paper
letterhead paper
yellow file folders
(no gummed labels or tapes)
light coloured file folders
photocopies
index cards
fax copies
ditto copies
subsets

Non-Acceptable Items

carbon paper
envelopes; cardboard
gummed labels, tapes
"post-its"
glossy paper
coloured file folders
waxed paper
magazines
newspapers
photocopy paper wrappers
food wrappings
drinking cups
kleenex

paper towels
plastics
report covers
telephone books

* A special bin will be provided for computer paper within your area or nearby.

- Golden West will take telephone books once annually on the basis that there is no payment for them to KEC. The telephone books must be stacked on a pallet in the Receivers Area.

(iii) Paper Pick-Up and Payments

- Golden West will pick-up the large boxes from known designated areas. Once a large number of boxes are set out, and a regular time is determined, Golden West will pay for paper collected.
- Payments for the recycled paper are as follows:

Computer paper:	\$140.00 per ton
White paper:	\$ 60.00 per ton
Coloured paper:	\$ 35.00 per ton
- Golden West will measure how much paper was picked up monthly, and will provide a summary and a cheque for that paper monthly.

C. Conclusion:

The Campus Environment Committee thanks you in advance for your cooperation, support and willingness to take action toward helping to solve an environmental problem.

Jim Funk,
on behalf of the
Environment Committee

invites applications for the following position(s):

VICE PRESIDENT
STUDENT SERVICES AND EDUCATIONAL SUPPORT

The British Columbia Institute of Technology, having an approved mandate to be an Institute of Advanced Technology, is Western Canada's leading innovator in Technological and Trades training.

The Vice President of Student Services and Educational Support is one of three Vice Presidents reporting to the President, and is accountable for providing effective management and leadership for the Student Services and Educational Support Division, which includes the Institute Library, Registrar's Office, Audiovisual, Student Services, Institutional Research and Planning and Co-operative Education.

This position will be of interest to the seasoned professional who has a comprehensive understanding and successful track record in the post secondary environment, ideally in technological/vocational education, and who has the ability to interact effectively and enthusiastically with students and staff. A major expectation of this individual is to organize and direct the Institute's planning process in the 1990s through the office of Institutional Research and Planning.

If you are seeking a new challenge in this exciting environment, please forward your resume in confidence by DECEMBER 11, 1989, to the Director, Personnel/Employee Relations at the address below.

This competition is open to both male and female applicants. Please note that BCIT is a clean air campus.
