K.E.C. BURSARIES

Additional financial assistance is provided to deserving KEC students by the (King Edward Campus Bursary Fund) established through private donations. In recent years bursaries have been provided by the following donors:

BC Tel Co.
Credit Union Foundation of B.C.
Doug Brown Memorial Trust Fund
Italian Cultural Centre
KEC Student Advisory Committee
KEC Student Aid Fund
Simons Foundation
Student Society Emergency Aid Fund
VCC Student Aid Fund

How much are the bursaries? What are they for?

Bursaries are awarded between \$50 to \$250. The amount depends on the availability of funds and number of applicants. These bursaries are awarded to students who show financial need and who have had unexpected expenses during their educational term. Bursaries cover costs such as medical costs or emergencies.

Who can apply?

Part-time and full-time KEC students who:

- (1) can show financial need after they have used up all other means of financial assistance; and
- (2) are attending classes regularly and doing well in their courses of study.

When and how can I apply?

Bursary applications are available at either the Financial Aid Office or the Counselling Career Centre in January, May and September. Completed applications must be returned to the Financial Aid Office. The deadline is THE LAST DAY OF JANUARY, MAY AND SEPTEMBER.

(Bursaries will be awarded end of February, June and November.)

CLOSED

Admissions/Student Records/Cashiers will be closed at noon Friday, January 05, 1990. We will be available for telephone inquiries after 3:00 p.m.

STUDENT HEALTH ASSIGNMENTS

Throughout the school year teachers set assignments for their students. Often these assignments (essay, presentations, etc.) are about health-related topics. Many of the students circumvent the usual routes for school research (libraries, community agencies, etc.) and head straight for the Student Health Services.

The Student Health Services is, of course, pleased that students know that we can provide health information. However, when a student comes to us for information about a class assignment, there is time involved in answering questions as well as the time involved in re-ordering and re-stocking materials on the pamphlet racks when students use our racks as their "research centre". Unfortunately, we do not have the time (or storage space) to provide materials for class projects. Sometimes, students will tell us that their teacher suggested the Health Services as source of information for their project.

Teachers, please continue to let your students know that the Student Health Services is available for them in the event of illness or need for personal health information or advice. But for class assignment, please encourage your students to use the KEC or public library or to contact community agencies. Students who come to us for assignment materials are constantly referred to those sources.

We realize that sometimes searching for materials is difficult. So, as a service to teachers, the Student Health Service will provide, on request, for free, a book produced by the BC Library Association. "Self Health: A Resource Guide for Healthy Living" is a bibliography of books, pamphlets and audiovisual materials on various health topics. A copy is also on file in the KEC Library. If you set assignments for your students on health related topics and would like a copy of this book, please call me at local 209.
