Faculty are asked to remind interested students to send in their applications before April 15. Financial assistance is available. For further information please contact Norm Dooley.

THANK YOU!

I would like to thank all the people who participated in the ABE Division Day displays of curriculum development projects, computer programs, etc. The room looked great and everyone cooperated in setting up their displays very early which gave us all a chance to enjoy each others work.

LIBRARY NEWS

We have actively been buying as many materials as possible that address the needs of students who are reading at a beginning or intermediate level. We now have a large and lively fiction collection in our READERS' CORNER on the upper level of the library that contains contemporary stories, classics, mysteries, and adventures.

Non-fiction materials at this level are being integrated with our regular collection to better facilitate student access. We find that many of our students find these easier materials helpful because the reading levels are more appropriate. Their location in the general collection will enhance librarians' ability to introduce more students to this exciting resource.

CE EXPANDS ACCESSIBILITY FOR EMPLOYEES

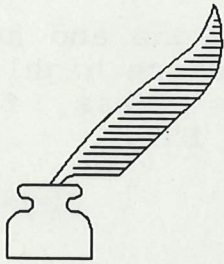

Employees enrolling in most Continuing Education courses will no longer face the uncertainty of being bumped by fee-paying students.

Continuing Education Director Gail Rochester said that a spot will be available for eligible employees who meet the entrance requirements for a course, with the exception of certain courses in the general interest category where the fee includes supplies (such as Wine Appreciation), rentals (Learn to Print Textiles is an example) or transportation (Travel Tours).

Each course will still have to have the minimum number of fee payers required to run the course. "Previously, as the class filled, the employee was given the choice of paying the fee or being displaced by a fee-paying student," said Rochester. "Now we are trying to make a larger number of courses more accessible to our own people."

Eligible employees are those eligible to receive College benefits. Employees requesting a fee waiver should send their request stating name, home address including postal code, home phone number, Social Insurance Number, department, phone local and name, number and start date of the course to: CC-John Vandenakker, KEC-Karen Kelly, Langara-Linda Holmes, College Resources-Ross Carter, Continuing Education-Bob Lajoie and International Education-Jindra Repa.

All other employees should send their request to their Department Director.

Now that the first round of adjudication is complete, it is time to start getting ready for the next round for the budget year 1990-1991.

If you are considering a project to be undertaken between September 01, 1990, and March 31, 1991, you should start making preparations soon. The adjudication of these proposals is scheduled for the end of May 1990 and the deadline for submissions will be the middle of May. Exact dates will be finalized by the committee at its next meeting, and published in the "Times".

Please ensure that you are using the newly revised policy guidelines and application forms which are printed on PINK stock. The revisions are minor but significant and you should make sure that you follow the process outlined in the guidelines before submitting the application to the committee.

Also, at this time of the year, the committee is rejuvenated! We need two representatives from Careers, two from ABE and one from ESL. Interested candidates should contact their department head, division chair or any of the current members of the committee for more information on the duties, responsibilities and JOYS of serving on this committee.
