## COUNT YOURSELF IN!

### Census Canada: Information Update

The 1991 Census will take place on June 04, 1991. Preparations have already begun. KEC is located in an area which requires a number of door-to-door enumerators who speak two or more languages, including English. Census Canada supervisors Anne Rayvals and Warren Knechtel will be working with campus people to recruit and select some of our students for these temporary enumerator jobs. We are still waiting for a date to meet Census Canada representatives - they will bring applications which will be made available to all interested students. Please look here in the Times for an announcement in the next issue. (Do not send students please!).

## WHAT IS FINANCIAL AID?

### Facts And Figures

From May 01, 1990 to February 28, 1991 (10 months), the office has unofficially recorded over 10,450 individual student visits and over 3,373 telephone calls. The hours of service are Monday to Thursday 11 a.m. to 4 p.m. and Wednesday night 5 - 7 p.m. Financial Aid also offers mini-workshops during regular Campus working hours on campus to any department or class who would like further information about what we do in Financial Aid.

ABESAP program assisted 3,057 students in fees for the 90/91 year (increased from 1,812 in 89/90 year). This is the major form of assistance to students at KEC and it provides for grants for fees for the following programs:

- A.S.E.HI./A.S.E.V.I.
- College Preparatory English 059
- Basic Education (ABE Foundations)
- English Language Skills (PT/FT Time)
- B.E.S.T
- English As a Second Language
- (including Outreach, Canadiana Centre, Vocational - fee payers only)
- B.T.S.D. Level 3 (ABE Intermediate)
- B.T.S.D. Youth
- College Foundations (up to grade 10)
- ESL - Business Office Training
- ESL - Institutional Aide
- ESL - Cabinet Making
- ESL - Auto Detailer and Paint Prep.
- \* Pt-time Courses at Gr. 11/12 level\*  
(CF, ABE, CPE & BTSD)

Students are advised to apply at least 2 weeks prior to their registration, and this grant is meant to assist students who are financially needy and who demonstrate satisfactory academic progress.

BCSAP program has assisted approximately 300 students in the 90/91 year, these students are full-time at either a grade 11/12 level (college preparatory) or at a post-secondary level (trades, music, pharmacy, sign language.....)

The Financial Aid office receives bursary applications three times a year, in the 90/91 year, over 800 students received bursaries ranging from \$25 to \$250 and almost 1,400 applications were processed. Dollars totalled over \$60,000.00. Most of this money comes from interest earned from endowment funds through the VCC - Educational Foundation and the balance comes from private donations.

There are other programs in Financial Aid set up to assist needy students. All faculty, staff and students are encouraged to contact us if the need for "Financial Aid" comes up. We hope to produce a handbook for students this year !!!!!

# FIRST KEC KEYBOARDING OLYMPICS A BIG SUCCESS

THANK YOU to all who participated in Keyboarding Olympics last Friday. There were entries from individuals and departments from the 1st, 2nd, 3rd, 4th, and 5th floor, and all three KEC Divisions were represented. And the winners were...

## Student Beginners Event:

- 1) Natalie Sia - 42 net words per minute
- 2) Connie Yeung - 32 net words per minute
- 3) Jenkin Liu - 30 net words per minute

## Student Intermediate Event:

- 1) Mario Mancio - 50 net words per minute
- 2) Julia Jiang - 44 net words per minute
- 3) Angela Sentes - 37 net words per minute

## Student Advanced Event:

- 1) Sande Lee - 62 net words per minute
- 2) Duff Scott - 58 net words per minute
- 3) Victor Alvarado - 51 net words per minute

## Faculty and Staff:

Tie for #1, the fastest keyboarder in the West:

- 1) Doreen Sharan (KEC 4th Floor Admin.) - 77 net words per minute
- 1) Shona Moody (5th Floor, Institutional Research) - 77 net words per minute
- 2) Myrna Redman (KEC 4th Floor Admin.) - 74 net words per minute
- 3) Helen Chan (ABE Special Education) - 62 net words per minute

## 3-Person Relay Event:

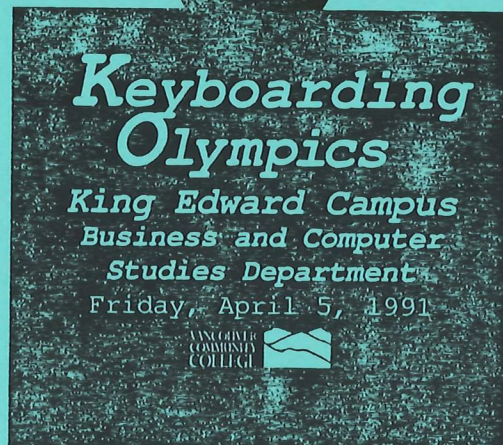

- 1) Flying Fingers (5th Floor, Institutional Research)
- 2) Basic Ed Bombers
- 3) Math Department

## Special Awards in the Relay Event:

Most Errors (Bloopers & Blunders People) - 5th Floor Admin.  
Most Backspaces (Backward People) - Student Team  
Last Place (Turtle Award) - Adult Special Education Team  
Coolness Under Pressure Award - Student Team  
Party Animals (Rowdiest Team) - Trades Media Award -  
Photographer Lauch McKenzie, IMS  
Graphic Artist Award for Logo - George Kropninski, IMS Langara

Watch for our next Keyboarding Olympics. We make our own rules, so we don't have to wait four years. We'll think up some new events--maybe next time we'll look for the fastest 2-finger keyboarder in the West. And we will design another T-shirt and have it available for purchase. We're flattered by the requests for our current shirt, but sorry, we don't have any more.

**Q:** What is meant by E-Mail?

**A:** An E-Mail or Electronic-Mail address, like any other address, ensures that electronic mail is delivered to the correct location. To send or receive E-mail, a user must have access to a large computer system. This means that the user has a secret password which allows him or her to log on to the computer system. Each user is also given a User ID, a combination of characters, unique to that user.

---

Members of Community Colleges around the province have access to different computer systems. At Vancouver Community College, any person with a password can use the Computing Centre at Simon Fraser University, free of charge, or the computer system at UBC, known as the Michigan Terminal System (MTS). Members of BCIT use the BCIT system, Camosun College, the Camosun College system and so on. Each person on the system has an address to which communications for that person are directed. An address usually consists of the following 3 components:

1. User ID or name
2. The name of the system which that person uses. Sometimes there may be a subsection to the system. For example, MTS users may belong to subsection G for General User.
3. The network of which that system is a member., eg. Canadian Net or BitNet. There may be a subsection to the network. For example, BC may be a subsection of Canadian Net.

Let us look at some E-mail addresses and identify those component parts.
