ESL AND INFORMATION TECHNOLOGY

We now have the latest volume of the **Technology and Language Learning (TALL) Yearbook** (REF P 51.T255 V.3 1991). The Yearbook contains an annotated list of organizations, e.g. hardware and software companies, educational organizations, etc., involved with TALL. Also included is a list of bibliographic citations to articles concerning language classroom technology published in 1991.

BOOKLOVERS...

If you are a fan of either Louise Erdrich (LOVE MEDICINE, THE BEET QUEEN) or her husband Michael Dorris (THE BROKEN CORD, A YELLOW RAFT IN BLUE WATER), you might want to read **THE CROWN OF COLUMBUS**, their new

communal fiction effort. Partly to "celebrate" the quincentenary of Columbus's visit, they have chosen to look at his landing in "the new world" from the point of view of Native Americans. The novel is a contemporary, quirky love story, set in American academe, with protagonists searching for love with independence and history unshrouded by myth. This has humour AND history -- a wonderful read, indeed.

WHAT IS WPSE?

Our Vision -*The Association of Women in Post-Secondary Education in B.C. envision women supporting women, working together co-operatively to develop and maintain an accessible environment for personal growth through study and work. We envision a climate which provides this environment for women and men - students, faculty, staff, administration and board members - at post secondary educational institutions. Our vision requires the redefinition of current organizational structures and leadership concepts. It assumes the evolution from the traditional hierarchical structures to collaborative, interactive, and holistic structures. It proposes broad involvement and shared decision making in all aspects of institutional operations. We believe that by pursuing this vision WPSE will bring diversity and new strength to post-secondary education in British Columbia.*

WPSE'S GOALS -

- Promote equity of opportunity and excellence in leadership for women in post-secondary education in B.C.;
- Provide information, support and encouragement to women to take leadership roles in post-secondary education;
- Advocate for women to obtain leadership positions in post-secondary education;
- Identify and support women in leadership positions to serve as role models for other women aspiring to leadership roles;
- Support initiatives that further the goals of the Association.
