## MENTAL FITNESS CORNER

### PUZZLE:

A palindrome is a word that is spelled the same forwards and backwards. For example, the name Otto is a palindrome. Can you find palindromes that fit the following clues?

- 1) the first female
- 2) legends
- 3) more coloured
- 4) Iranian monarchs
- 5) spinner

### TRIVIA:

What word contains the letter Q but no U?

### ANSWERS TO LAST WEEK'S SUBMISSIONS:

### PUZZLE:

Look at the contents of the box labelled "Apples and Oranges" and label it correctly by removing the appropriate label from one of the other two boxes. The other two boxes can then be labelled correctly - the one without a label contains a single fruit and the one with a sign contains apples and oranges.

### TRIVIA:

Ulm, Germany

## **LIBRARY UPDATE NEW TITLES LIST**

So that KEC faculty and staff can remain informed of new acquisitions, a new titles list will be issued monthly. Copies will be placed in both the smoking and non-smoking areas of the faculty cafeteria and by the computer catalogue terminals in the library. Each list will contain all titles acquired for that month in all formats: books, videos, sound recordings, etc. and will be grouped by subject area.

Enjoy browsing the list, but please leave it for the next interested person!

## **VOICE MAIL HINTS**

When calling your mailbox to check your messages and you get a busy signal place a callback as follows:-

Superset 1 - Dial 1

Superset 2 - Press Callback button

Superset 3 - Press Callback button

For all of the above, there will be a distinctive triple ring when the line is available.

## **FROM THE MAILROOM...**

Please note the Mailroom has a new Colour Code system in effect for mail boxes. There are coloured dots above the names of each box holder on the outside perimeter of the mailroom.

- Red is for Support Staff
- Green is for Faculty
- Yellow is for Administration

This will hopefully assist those who are required to distribute materials.

For reference purposes, please see the colour code guides posted above mail boxes.
