CAMPUS PAPER RECYCLING PROGRAM

Commencing November 02, 1992, we will start up once again a paper recycling program. Our aim is to keep this program very simple so that there will be no contamination of the paper. At this time we will only collect white bond and computer paper.

In addition to the large collection bins, I have a limited number of smaller blue bins to be located in the office of those people who are truly concerned about recycling. These can be picked up from myself in office 2080, call first though, for more details, local 7373.

Some individuals have already been collecting paper and, in order to not disrupt the new system, I ask that you contact me separately so that I can arrange a special pickup.

The collection locations are as follows:

- Level 5 Photocopier Room 5046
 Accounting Dept. 5014
- Level 4 Photocopier Room 4058
 Student Records/CE area 4007
- Level 3 Counselling Room 3028
 ELS Photocopier Room 3141
 ESL Voc. Copy Room 3178
 Math/Science/Humanities 3240
- Level 2 Business & Computer 2137

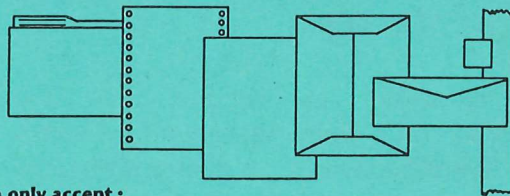

BTSD Copy Room 2086
Bookstore Room 2027
Library 2014

- Level R Duplicating Room 1536

I ask that everyone make an effort to recycle. If we can make this system work then we can expand the program to include additional materials.

Jay Strachan, Building Services Manager

CAMPUS PAPER RECYCLE PROGRAM

We only accept :

WHITE COMPUTER PAPER
WHITE LEDGER PAPER
WHITE LASER PRINT PAPER
WHITE ADDING MACHINE PAPER

WHITE NOTE PAPER
WHITE OFFICE PAPER
WHITE FAX PAPER
WHITE MANILA FILE FOLDERS

At this time we are only collecting good quality white bond paper or better - anything else will contaminate.

ANY DOUBT, THROW IT OUT.

FROM THE MAILROOM - TO ALL DEPARTMENTS

Please remember to separate US and International mail from your regular "within Canada" correspondences. It is very difficult to catch a single US or International mail in a bundle of 40 to 50 letters. We suggest that you place a Post-It on the envelope and indicate whether it is going to the US or overseas. **Canada Post will return any mail that does not have the required postage, which in turn will delay delivery of your letter(s).**

A reminder also that interoffice mail should not be included in with outgoing mail. Interoffice correspondences should be distributed by the person responsible for mail in each department. If you require assistance in locating a mailbox,

please ask the Mail Clerk.

Thank you for your cooperation.

CityPlan VANCOUVER

Take Part. Make a Difference.

October 22, 1992

Mr. John Cruishank
Director, V.C.C.
King Edward Campus Centre
1155 East Broadway
Vancouver, B.C. V5T 4N4

Dear Mr. Cruishank:

This November, Vancouver City Council will set in motion an important new plan that will help plot the future direction of our City. It's called CityPlan - and it will be the first comprehensive plan for the City that has been undertaken in more than half a century. We don't want this to be a plan that comes exclusively from special interest groups or City Hall. We want CityPlan to come from a broad range of people who know and care about their City.

I'M WRITING TODAY TO ASK YOU TO PARTICIPATE IN THIS IMPORTANT PROJECT.

Within the month we will be creating a number of CITY CIRCLES, small groups of citizens from different areas of the City who will work together to provide their vision of the future of the City as a whole, or to focus on issues of particular interest. The City has a wealth of information that can help us focus on the challenges and find workable solutions, but the real answers will come from real people who live, work and play in our City and who care about its future.

To learn more about CityPlan and about City Circles I would like to invite you to come to a special meeting:

Saturday, November 7, 1992 - 9:30 a.m. - 12:00 noon
Holiday Inn, Vancouver Centre - Ballroom, 711 West Broadway

Please call the CityPlan Office at 873-7388 or 873-7093 by October 30th to let us know if you can attend, or if there is a better time for you to see how you can get involved.

I hope you'll join your fellow citizens in helping to guide Vancouver into the future and I look forward to working with you on this important project.

Yours truly,

Gordon Campbell
MAYOR

BRITISH COLUMBIA LIBRARY ASSOCIATION

B.C. INFORMATION POLICY CONFERENCE

Sponsored by the British Columbia Library Association
Supported by the Canadian Centre for Studies in Publishing

This conference will explore the directions and social implications of telecommunications and information technology, the conflicting agendas of the main players in the information age, and the role, if any, for libraries. This represents an important opportunity for librarians and community groups concerned about information access issues to investigate opportunities for joint action.

Sessions will focus on telecommunications policy and networks, federal and provincial government information policy, privatization versus public access, and social information needs.

Established as a prelude to the National Information Summit, the conference will also focus on provincial and municipal information policy. Community groups, academics, government representatives, and the corporate sector, as well as librarians will be represented.

Speakers include: **Dr. Herbert Schiller**, Professor Emeritus in the Department of Communications at the University of California – San Diego and author of *Information and the Crisis Economy*, *The Mind Managers*, *Who Knows: Information in the Age of the Fortune 500*, and *Culture, Inc.: the Corporate Takeover of Public Expressions*; **Dr. Vincent Mosco**, Professor, School of Journalism, Carlton University and author of *The Political Economy of Information*, *The Pay-per Society: computers and communication in the information age*, and *Pushbutton Fantasies: critical perspectives on videotext and information technology*, and **Nancy Kranich**, Association Dean of New York University Libraries and Chair of ALA's Legislation Subcommittee on Government Information as well as the Coalition on Government Information Steering Committee which includes 50 not-for-profit groups concerned with first amendment and freedom of information issues.

B.C. INFORMATION POLICY CONFERENCE

November 5 & 6, 1992

The increasing importance of information in Canadian society has intensified the need for a national information policy. Such a policy should address vital issues relating to citizen access to information. Concerns arising from the role that information plays in a wide range of activities undertaken by individuals, various groups, businesses and governments should also be addressed.

The following questions -- and others of interest to you -- will be discussed at the November B.C. Information Policy Conference:

What are the barriers to improving and increasing access to information?

What roles and responsibilities are appropriate for various levels of government, and for the private sector? Is information a public resource or a private commodity?

How can existing and new technologies be utilized? How are Canadians placed to make use of these innovations?

What use is made of information gathered? Is personal privacy protected adequately? Do citizens have the right to know?

How will alternative or minority voices and views be affected?

Policy questions such as these have implications in a variety of areas:

- public access to government information
- access to telecommunication networks
- transfer of personal information
- corporate concentration in the media
- government support for publishers and libraries
- literacy programs

The conference will provide a forum for you to refine and to discuss your information policy concerns. It is being held as a prelude to the National Information Summit in Ottawa later this year, and will be of interest to a wide spectrum of groups and individuals from across B.C.: community groups, librarians, organizers, writers, consumers, publishers, businesses and educators.

Travel subsidies may be available for out-of-town delegates.
