I thank the above for their generous donations to the Silent Auction and know that our faculty and staff will acknowledge this unselfish giving.

To those souls who both conducted and patronised the:

Bake Sale

Silent Auction
Keyboard Olympics
Car Systems Check-up
Vehicle Paint Raffle
Laundry Basket (with wine) Draw
Car Wash, etc.

Your giving is so commendable.

To those colleagues who were so moved to enclose a donation to the cause, may the wind be at your back when the need arises.

To the adhoc committee who undertook these labours of love, a moist-eyed hug of deep appreciation.

It has often been said that what makes King Edward Campus stand out from all the rest, is that it cares.... and you all demonstrated for someone who has been a model of caring for us all... our Nora.

CANE LAUNDRY DRAW

Veronica Jorna from the Visually Impaired Department and Continuing Education (ambi-dept-rous!) was the winner of the draw on Thursday, April 01, 1993.

A hearty thank you to all those who participated in the Fundraising Event.

REPAIR WORK WANTED - AUTOMOTIVE

We are now accepting repair requests for transmission and/or clutch repairs to cars 1980 or newer. Requests are filled when such repairs are suitable to the training needs of the Automotive Department. The registered owner of the vehicle must sign the Work Order Form at time of vehicle check-in. Vehicles must also meet all other requirements of the Automotive Department repair policy.

SUMMIT ON APPLIED STUDIES - NEXT STEPS

A Planning Committee is being organized to prepare for a major event focused on Applied Studies. This will be a continuation of the process initiated with the Nanaimo "Summit on Vocational Training". The aim of this process is to energize the educational systems of the province to assist in providing Canada with a skilled workforce to compete successfully in global competition.

John Cruickshank had announced at the Nanaimo Conference that VCC would host the next in hopefully a series of ongoing events. With the VCC event in mind, a group of participants at "Nanaimo" started to brainstorm on the kind of event VCC should stage. In order to tap into the full talent of VCC, additional input is required to develop a planning group for this 1994 event.

To date, lead up activities to a possible October 1994 Summit on Applied Studies could include

such events as: The KEC Automotive and Diesel Trade Show and "Symposium on Training Linkages" planned for October 21 and 22, 1993, and the proposed Open House Event planned for City Centre in March 1994.

Those persons wishing to provide input or participate in the planning group are urged to contact Sam Lewindon at KEC local 7012. The next meeting of the brainstorming group is planned for April 28, 1993, at 12:00 noon in Room 2145 at the King Edward Campus.

Free Computers

Can your department use an old XT Computer?
Computers in the two networked labs in the Business & Computer Studies Department will soon be replaced with new 486 systems.

A subcommittee of the Computer Needs Committee has been appointed to adjudicate requests for new KEC homes for the 49 old computers and 2 printers.

The XT computers are **NOT** capable of running *Microsoft Windows* or Windows applications. **Only two have hard disks** and can run *WordPerfect*; the other 47 computers have only floppy drives, and **cannot** run *WordPerfect*, *Excel*, *dBase*, *Lotus 1-2-3*, or other industry-standard software. Prospective recipients should also be warned that the used computers are, indeed, very much used. The price is right, though, because they are free to a good home.

Computer Equipment for Disposal

| Equipment | Quantity | Description |
|--------------------------------|----------|---|
| IBM Computers | 20 | 640K RAM, two 5.25" floppy disk drives, ATI Graphics card, Data Train V242A amber monitors |
| Zenith 158 and Heath Computers | 23 | 640K RAM, two 5.25" floppy disk drives, Vortec 16 bit VGA card (256K), Samsung 14" VGA monochrome paper white monitors, 640 x 480 |
| Zenith 159 Computers | 2 | 640K RAM, two 5.25" floppy disk drives, hard disks (one with 20MG hard disk, one with 30MG hard disk), Hercules/CGA Video card, Data Train V252A amber monitors |
| Zenith 159 Computers | 4 | 640K RAM, two 5.25" floppy disk drives, Hercules/ CGA Video card, Data Train V252A or V272A amber monitors |
| Epson Printer | 1 | Model FX-286 dot matrix printer, needs repair |
| Roland Printer | 1 | Model PR-1111 dot matrix printer |

If your department can use any of the computer equipment listed above, please send your request in writing to Ted Hougham, CNC Chair, by Tuesday, April 20. In your request, please state

- which machine(s) you would like to have,
- what software you intend to run, and
- who will use the equipment—students, faculty, or staff.
