LIBRARY NEWS

New Videos

Be sure to check out the **Discovering Psychology** series (26 x 26 min, 1989). This is a new acquisition for us and offers a very comprehensive overview of the field. In addition to the traditional areas of study, the series examines such subjects as the application of psychology to global problems. You can read the full description in the AEMAC catalogue at the film booking desk.

Also new to AEMAC and our library is the **Management Basics in Action** series (9 x 10 min, 1985). Succinct and to the point, the series focuses on the interpersonal skills necessary for managers. Disciplinary action, employee personal problems and performance appraisals are a few of the topics covered.

Eight of the 27 episodes that comprise the **Marketing Series** (27 X 30 min, 1985, 1992) have been revised and are now on the shelves. The new parts address changes in channel strategies, high-end consumer goods, innovative promotions as practiced by the Apple company, marketing research, etc. A series with applications for many subjects. Full descriptions in the AEMAC catalogue.

SILENT ANNOUNCEMENT SYSTEM

The new system is now operational. If you have notices that you would like to display, please forward to Administrative Manager Karen Kelly or Doreen Sharan, her secretary. All notices will require approval before being inputted for display.

Note that computer memory and pages are limited. Keep your notices as simple as possible, please. At the moment, the operator is learning the software program which is a time-consuming process. However, the program has many advanced capabilities and once they have been learned, we will try to make your notices as eye-catching as possible.

If you have any questions, please call Doreen Sharan at local 7004.
