## **NORA HALL RECEPTION**

Judging by the feed-back for those who attended the Nora Hall dedication event, this was a most enjoyable afternoon for everyone. The Social Events Planning Committee received very positive feed-back and on behalf of the committee, we wish to thank the KEC folk who turned out to honour Nora. I would like to personally thank the members of the Social Planning Committee - Barbara Ash, Sue Aro, Sue Bouwmann, Malcolm Cant, David Keen, and Terry Smith who worked so hard to make this event happen.

The above dedicated group plus a few others are now working on plans for the next social event which should take place early in December. Stay tuned for further announcements.

## **TRAINING THE WORK FORCE OF THE FUTURE - PD OPPORTUNITY**

Meeting the Challenge of Change is the leading issue in preparing a skilled and adaptable workforce for our future. Business, Labour, Education, and other groups are seeing the development of a skilled workforce as a priority. The Symposium on Linkages entitled the Challenge of Change presents an opportunity for professional development by exploring existing training partnerships and participating in workshops designed to further develop training linkages as well as identifying skills required by the modern workforce. This Symposium will be held at the King Edward Campus on October 22, 1993. Brochures and registration forms are available at various locations around the campus. A block of seats have been reserved for VCC employees. Early registration is recommended.
