KEC COMPUTING FACILITIES TASK FORCE - SURVEY

The above task force has developed a survey to attempt to assess the needs for this campus, as far as computer facilities are concerned. Your assistance is requested in completing this survey and returning it to the box in the reception area of the fourth floor. Various individuals have made suggestions at what they would like to see, now is an opportunity for the employee group at large to have input.

A student version of this survey will be distributed shortly. You may wish to use this request for input as an instructional activity if that would assist students in responding. Copies of the survey will be available in Chinese and Spanish language also.

Your participation is vital to an accurate needs assessment. Thank you for your prompt response.

Kudos for KESA

The KEC Library once again wishes to thank Dwayne Rhodes, KESA President, and the students of King Edward Campus for their generous donation to the Library for the purchase of textbooks and related materials for students.

For the last few years, due to cutbacks, the Library has not been able to buy course textbooks, a loss seriously felt by our students. KESA's recognition of student need and its willingness to offer material support will make a real difference to our students and in our ability to serve them.

On behalf of our students and everyone in the Library, I want to extend our sincere appreciation to KESA.

Australia, January 26:

WARATAH AND WATTLE

Though poor and in trouble I wander alone, With a rebel cockade in my hat; Through friends may desert me, and kindred disown,

My country will never do that! You may sing of the shamrock, the thistle, and rose,

Or the three in a bunch if you will; But I know of a country that gathered all those, And I love the great land where the waratah grows,

And the wattle-bough blooms on the hill.

Australia! Australia! so fair to behold _
While the blue shy is arching above;
The stranger should never have need to be told
That the wattle-bloom means that her heart is of gold

And the waratah red blood of love.

Australia! Australia! most beautiful name, Most kindly and bountiful land; I would die every death that might save her from shame,

If a black cloud should rise in the strand; But whatever the quarrel, whoever her foes, Let them come! Let them come when they will!

Though the struggle be grim, 'tis Australia that knows.

That her children shall fight while the waratah grows,

And the wattle blooms out on the hill.
